

Bellcoff questions city annexation effort

By JOE THOMPSON
A plan to annex land south of Madison has come under further scrutiny — this time by the city itself.

In what can be viewed as a clean break from the previous administration, the City Council Tuesday night voted to put on hold any plans to annex the approximately 166 acres, a portion of which is located inside St. Clair County.

AFTER THE meeting, Mayor John Bellcoff pointed to possible risks the city might incur should annexation occur. He said he would not annex it if he determines it is not good for the city.

"I would be the first to jump on it and say no," he said.

Under the administration of Acting Mayor Thomas Gordon, the

council voted to annex the land, but Bellcoff emphatically pointed out, "That's them. That's not me."

THE UNANIMOUS vote Tuesday allowed Bellcoff further time to study the situation. The session marked the first full meeting for Bellcoff.

The new mayor told the council, "I feel at this time I would like to put this on hold."

In addition to providing water service to the area, the city would also be liable for police and fire protection. Bellcoff said he was concerned the city's present police and fire protection forces might not be able to cover the additional territory while maintaining its present level of quality service.

HE NOTED, FOR example, city officials would have to arrange for

Granite City to assist Madison should the Madison respond to emergency calls to the proposed annexation area.

Bellcoff said "\$40,000," not \$80,000, when noting the yearly amount of sales tax income the city could reap from the Gateway Midstate Truck Plaza (located on land included in the annexation). Former City Attorney Casper Nighobossian had told officials the amount could come to \$80,000.

Using the \$40,000 figure, Bellcoff pointed out it would take the city five years before realizing a profit from the undertaking.

WHEN VOTING to annex the area at its March 26 meeting, the city had agreed to pay the Illinois-American Water Co. no more than \$214,000 to construct a water line to

the area. Though expressing concern over possible harm the annexation could cause the city, Bellcoff said he will weigh all factors before deciding what position to take. He said he would present his findings at the council's next meeting.

He noted one plus to the annexation could come from possible development of the area.

EFFORTS BY THE previous administration to follow through on the annexation has led to two law suits filed in late April.

One suit was filed on behalf of the Metro-East Sanitary District (MESD), which questioned the annexation. The action has delayed work on the water line installation.

The area also comes under the

jurisdiction of St. Clair County which, like Madison County, is represented on the MESD board.

LEGAL ACTION by MESD in late April came on the heels of a suit filed the previous day by former Madison Fire Chief Michael Macke. His suit was filed to prevent future lawsuits aimed at impeding the council's vote March 26 to annex.

Bellcoff told aldermen Tuesday no action has yet been taken on the suits.

MESD Executive Director Walter "Shang" Greathouse has strongly opposed the annexation, after Greathouse, with board members Dave Bergfield and Hosea Slack, had approved the annexation of MESD property. Their approval came at a special meeting March 25.

AN EASEMENT, allowing the Illinois-American Water Co. to construct a water line across the MESD property to the truck stop, has been blocked.

Greathouse has since protested the March 25 vote, noting the entire MESD board was not in attendance. He also questioned the legality of the meeting since a full 48-hour notice was not given beforehand in accordance with state regulations.

Bergfield has contended he was misled by Madison officials when they asked for the easement.

GREATHOUSE HAS expressed sensitivity to the annexation, insofar as it would mean a reduction in sales tax revenue to St. Clair County. At present, St. Clair County benefits from any sales tax money derived from Gateway Truck Plaza.

Booze barrier holds against GC markets

By SUSAN SIGNAIGO-WEICH

The pros and cons of issuing liquor licenses to local supermarkets were weighed by Granite City aldermen Tuesday night, but no vote was taken by the council.

During a 6 p.m. caucus at Township Hall, aldermen heard testimony from representatives of three local supermarkets, one drug store, one liquor store and three churches. Comments were also made by two aldermen and one resident.

REPRESENTATIVES of National Supermarkets and Schnucks Markets told council members they project close to a \$500,000 yearly increase in sales if they are allowed to sell liquor in their stores.

"We are appealing to your sense of judgment and your progressive attitude," Warren E. Follansbee, vice-president of grocery and allied products for Schnucks Markets, told aldermen.

"Research has shown that ladies are big purchasers of beer and wine, but they are reluctant to go to individual shops (liquor stores) for spirits."

FOLLANSBEE SAID the sale of liquor in supermarkets would make the stores one-stop stores.

"Our store is successful because we try to serve our customers," Follansbee said.

He said sale of liquor in supermarkets would not transfer sales away from "free-standing spirit shops."

KEN STEWART, a representative of Shop 'N Save, told aldermen he thinks the sale of liquor in grocery stores would create extra business, not extra competition.

"Many of our customers are not Granite City residents," Stewart said. "So much of the revenue generated by liquor sales would come from residents of neighboring communities."

John Urbanowicz, sales manager for National Supermarkets, discussed concerns that may be raised because of the proximity of his firm's store to Granite City Senior High School.

"WE ARE AWARE of the restrictions against selling liquor to minors," Urbanowicz said. "I want to assure you that we are a responsible vendor and retail merchant."

"We have another store directly across the street from a school and one other that is across from a church. We've had no problems with liquor sales at these stores."

Urbanowicz said there are only two other stores in National's chain which do not sell liquor: Carbondale and Centralia. He said the Carbondale store will be selling it.

Venice water slide bid coasts to board's OK

By VALERIE EVENDEN

"We're just a signature away from the water slide," the Rev. John Henry Williams, president of the Venice Park Board, said Tuesday, noting a verbal agreement has been reached to construct the slide within the limits of the funds budgeted.

"I have nothing but praise for Henry Gabriel and for what he has done in the negotiations. We want to thank him," the board president said.

Gabriel, architect for the project, was authorized by the board earlier this month to negotiate with the Breese (Ill.) firm of Poettker Construction Co., general contractors, and with Rainbow Water Slide Co. of Peoria.

The action was taken in an attempt to determine the feasibility of a joint venture of the two companies, whereby the overall cost would be reduced.

Rainbow indicated earlier it could construct the project within the allowed budget.

Due to legal procedures, it was explained, in order to accept this proposal the board would have to reauthorize for bids or negotiate with Poettker, the apparent low bidder as general contractor.

A bid from Poettker, covering the total project in the amount of \$289,315, was rejected by the Venice Park Board at a special meeting April 24.

"In the next few days after Attorney Paul Lauber looks the contract over and makes sure we comply with the state guidelines and the budget requirements, we will sign the contract."

"Construction should begin a few days from now," Rev. Williams reported, in obvious high spirits.

The agreement reached between the two companies calls for all the essential facets of the Venice project to remain intact—the water slide, pool and bathhouse.

The only part of the original plans to be eliminated at this point, is the concession stand.

"We will use a portable concession stand for the time being and add a permanent structure later," Rev. Williams said.

Venice Park Manager Arnold Johnson explained the district board will have a better picture of the overall financial situation after the slide's first year of operation.

"We then can see what revenue is being generated and maybe make changes," he said Tuesday.

Part of the bond money was allocated to finance improvements to the tennis courts, playground area and ball park diamond addition, to general upgrading of Lee Park.

Heroes recalled in Memorial Day services

Quad-City Amvets Post 51 and its Auxiliary will sponsor a Memorial Day parade and a parade of flags. The memorial program will be conducted on the lawn of the City Hall in Granite City Monday, May 27, starting at 11 a.m.

THE PARADE OF FLAGS preceding it will start at 24th Street and Madison Avenue, directly behind the First Assembly of God Church and across the street from the Post Office.

The marchers will proceed along

Madison Avenue and Niedringhaus Avenue to the City Hall. The lineup time for the parade will be 10 a.m. and the group will leave with a police escort at 10:30 a.m.

Mrs. Betty Wilkins, Americanism chairman of the Amvets Auxiliary, and Post 51 Commander William Schenschang will introduce guests, veterans' organizations, scout leaders and troops.

Veterans' organizations attending the program and placing a wreath at the memorial plaque will be:

AMVETS POST 51 and Auxiliary, Commander William Schenschang and President Shirley Schenschang.

Disbanded American Veterans Chapter 53 Auxiliary, led by Bert Kieckler.

Tri-City American Legion Post 113 and Auxiliary, Commander Paul Weathers and President Katie Barks.

Quad-City Navy Mothers of America Unit 830, Commander Jean Francis and Chaplain Verna Spurrier.

And Veterans of Foreign Wars Post 1300 and Auxiliary, Commander Jim Farmer, President Mary Kay Caulkin and Past President Loreta Rose.

GUESTS WILL include Granite City Mayor Von Dee Cruse, Pastor Bob Burkett of the Bethel Bible Fellowship Church, Glenda Brockman, Illinois Amvets Auxiliary third vice president, and Joseph White, Amvets Division 5 commander.

Guest speaker for the program

will be Gunnery Sergeant Leonard Miller, U.S. Marine Corps Recruiting Station, St. Louis.

There will be a 21-gun salute by the Scott Air Force Base firing team, and Boy Scout Troop 48 will hold the American flag and place it at half-staff.

TRADITIONAL SERVICES honoring deceased veterans from Venice and Madison who lost their lives in World War I through the Vietnam War will take place at 10 a.m. Monday, May 27, at the Tomb of the Unknown Soldier replica on the lawn of the Venice-Madison American Legion Post 307 Home, 740 Broadway, Venice.

Situated amid an array of Flanders' poppies, the tomb is the focal point of 48 small white crosses which cover the lawn, each bearing the name of a deceased Post 307 member or other veteran from the two communities. U.S. flags will adorn each cross.

Publication of assessment list clashes with service to public

By JACK C. VENTIMIGLIA

Executive Editor

Money versus service is the problem raised by the Madison County supervisor of assessment's decision to print the 1985 reassessment listing only in Edwardsville.

This year it is estimated the cost of printing the list in only one paper, the lowest bidder, will be \$8,500 versus last year's figure of \$24,000 for printing the list of changes in several papers. According to Karen Deluca, deputy clerk in the supervisor's office, Supervisor Robert Harris made the decision to save money.

"WE JUST DIDN'T think it was right for the taxpayer," Deluca said of the higher cost of printing in several papers.

But taxpayers were calling the Press-Record/Journal Wednesday to complain their local paper was not going to print the assessment changes.

"I'm stunned," said Chris Miller of Granite City. She said she'd never heard of the assessment list being printed anywhere but in the city.

VIVIAN HARPER of Granite City was concerned that she would have to call Edwardsville to complain

about the list not being printed locally.

"That's nice of them," she said sharply. "That's a long-distance call."

Deluca said only changes from the list published in 1983 will be published this year. Not every owner will have property listed among the approximately 10,000 changes to be published. If property was not reassessed, it is not listed.

THOSE with reassessed property do not have to buy an Edwardsville Intelligence for the list. They will receive mailed notice of the reassessment. However, they should wait until the notice is published before appeal; publication is expected within 30 days.

Deluca said her office has received "a lot" of complaints about the change from publishing the list in local papers and she expects more.

"I'm sure we're going to have complaints, especially when people miss deadlines" to file reassessment complaints, she said. "They'll say they didn't see the (Edwardsville) paper."

DESPITE COMPLAINTS, Deluca believes the decision was correct. She said, "We had to cut costs."

Antique vehicles will be driven to Pere Marquette

The Metro-East Antique Vehicle Club met the evening of May 18 at the Floyd Jordan Jr. residence, 290 Warsaw Lane, Mitchell.

Webb McCracken had attended a parade Saturday morning in his home town of Edwardsville. Alice Robinson of Granite City was on her way to the Edwardsville parade when the lower radiator hose broke on her 1929 Model "A" Ford roadster.

Those who attended and showed their antique cars at the Old Six Mile Museum on May 18 were: Robinson, 1929 Model "A" roadster; McCracken, 1931 Reo Royal, one of only 50 built and one of only 25 restored; Neal Wells, 1929 4-door Briggs body model "A" Ford.

Gene Wilson, 1930 Dodge "original gas," 4 door with 16 horns and 11,000 original miles; Jack Jenkins, 1935 4-door Buick sedan; and Jordan, 1929 4-door Jordan sedan, one of only 87 Jordan autos registered in the U.S.

The Robinsons, McCrackens and Jordans went to the Collinsville Bonanza before returning to the Jordan home for the regular monthly meeting.

The June meeting will be a trip, in antique vehicles, to Pere Marquette State Park. Club members will leave the Waffle House on West Chain of Rocks Road, Mitchell, at 10 a.m. June 23.

Anyone with an antique vehicle

that is 25 years old or older will be welcome to participate. Lunch will be "Dutch treat" at Pere Marquette Lodge or at the Brussels Hotel.

For information about joining the club or the trip, area residents may call either Floyd Jordan Jr. (931-2897) or club president Don Robinson (877-2389).

Wives of the club members were entertained by Mrs. Donna Jordan, who showed pictures and literature of a recent trip to the Islands of Oahu and Maui, Hawaii.

Vuckovich manager of Collinsville Hilton Inn

Milenko M. Vuckovich has been appointed general manager of the Hilton Inn and Conference Center in Collinsville, effective May 13. The announcement was made by Guy Carriere, senior vice president of Paramount Hotels.

Vuckovich, a native of St. Louis, was most recently general manager of the Executive House Hotel in Chicago since 1980, and prior to that time was associated with Breckenridge Hotels Corp. and Holiday Inns in St. Louis.

The Hilton Inn and Conference Center opened in 1984 and was recently presented the Four-Diamond Award from the American Automobile Association.

Classes on heart disease to begin

The Cardiac Rehabilitation Program at St. Elizabeth Medical Center is offering a six-week summer class designed for the cardiac client, his family, and anyone interested in preventing heart disease.

"Understanding Heart Disease" will offer information on ways to reduce the risk of heart disease and on how the cardiac patient can achieve optimal recovery after discharge from the hospital.

"Since heart disease is the number 1 cause of death in the United States, we feel the entire community can benefit from this class," a spokesman said.

Classes will be held for six consecutive Monday evenings from 6:30 to 8, beginning June 10. For more information or to register, the number is 796-3659.

AGGRAVATED ASSAULT, BATTERY COUNTS FILED

James C. Stuart, 28, of 2510 Hodges Ave. was charged with aggravated assault and aggravated battery May 15 after an incident at 10:15 p.m. in Mitchell. Madison County authorities said Parker L. Robertson, 120 Douglas Place, was sitting on his kitchen sink, holding the 4-year-old daughter of his fiancée, when Stuart entered the kitchen and hit Robertson in the face. Robertson's head hit a cabinet and then Stuart allegedly knocked him to the floor.

Robertson said Stuart threatened him with a knife before kicking him in the face. Robertson was taken to St. Elizabeth Medical Center for treatment of his injuries, including a swollen face and cut eye.

Officers later arrested Stuart in the basement of his home, alleging he was hiding under a blanket. Once in a deputy's patrol car, it is contended, Stuart began calling the deputy names and kicked him in the hand, causing the car to run off the roadway in the 3100 block of Nameoki Road.

SHOTGUN FIRED AT HOME

Vernon Whitner, 639 Meredocia Ave., Venice, reported shots were fired through a large living room window into his dwelling May 8. Neighbors reported seeing a vehicle leaving the area at high speed. Officers said a shotgun apparently was the weapon used. The trunk and taillights of Whitner's auto also were damaged by gunshots.

Acts 16:25 "At midnight Paul and Silas prayed and sang praises unto God."

There is power in prayer and in praise. Jesus taught us to ask anything in his name and we could receive it, if we had faith to believe it. Paul and Silas were in dire circumstances. They were facing a dark hour in their lives. Still they prayed. And beyond prayer, they sang praises unto God! Needless to say, that God wrought a miracle for them, and delivered them out of prison.

He will do the same for you. Here is the secret of faith believing prayer. DO NOT wait until you get in trouble to pray. Build your life around prayer and commitment to God. Pray every day. Praise the Lord for every day. When trouble comes, you and God will be ready for it.

Pray and praise.

Simon urges military pension reform plan

The U.S. Senate this week will debate proposed changes in the military retirement system, affecting future enlistees only, that would cut the federal deficit by almost \$11 billion yearly when fully effective. The plan has been developed by Sen. Paul Simon, D-Ill. Sen. Thomas Eagleton, D-Mo., is cosponsoring the bill. The Uniformed Services Retirement Act of 1985 calls for two changes in the military retirement program: a five-year lengthening of the service requirement for pension eligibility, and a new policy of inflation add-ons that would assure full cost-of-living adjustments (COLA's) each year while computing them as cumulative sums and not as compounded sums. Both changes would not affect current retirees or those presently enlisted.

Simon will offer the legislation on the Senate floor as an amendment to the annual Department of Defense Authorization Act. The first of Simon's proposals would extend minimum and maximum eligibility periods under the pension program. Military enlistees today are eligible to receive 50 percent of their base pay after 20 years of service and 75 percent of base pay after 30 years.

Under Simon's plan, new enlistees entering the service beginning next year would serve a minimum of 25 years of active duty to receive 50 percent of base pay and 30 years to receive 60 percent.

Simon notes that military retirement is second only to Medicaid as the most expensive of all federal entitlement programs funded solely from general tax revenues.

He said nine reform studies have been filed on the military pension program in the last decade alone, with the presidentially-appointed

Grace Commission calling for particularly deep cuts.

"Through my 10 years in Congress I have seen this issue debated and studied," Simon said. "Now, more than 10 years later, no substantial changes have been made. If we do not accept my proposal for moderate change, the danger is that we will swing to the opposite extreme and those serving the military will be hurt."

"This action will take some courage. But this issue should be faced squarely, candidly, and soon," Simon suggests that a portion of the savings could be earmarked for "more cost-effective, front-end benefits such as cash incentives, higher salaries or improved education benefits."

Right reason, wrong decision

Saving taxpayers' money is laudable, encouraged, something every government agency should practice — with reasonable means.

Madison County Supervisor of Assessments Robert Harris has resolved to save money in his office, but he has chosen an unfortunate method.

The office will publish the reassessment list only in the *Edwardsville Intelligencer*, which is not widely circulated in the Quad-City area. People in this area have always turned to their hometown newspaper to find the reassessment information as they will this year, but the information will not be here.

Some will surely miss the deadline for filing an appeal to the reassessment because they did not see

the list in their hometown newspaper. Their argument will result in taxes paid under protest.

People are creatures of habit. It is not reasonable to, with little fanfare, institute a change and expect them to adapt. The savings must be weighed against the confusion of change. As noted by a spokesperson in the supervisor's office, there have been many calls concerning the change and many more are expected.

We applaud Harris for the kind of thinking that seeks to trim the fat from government spending.

But we doubt the \$15,000 saved by the decision to print in only *Edwardsville* is worth the confusion created elsewhere.

Their purpose is public service

The purpose of the Granite City Town Board is to serve the public.

At Tuesday's township meeting, some board members preferred to serve themselves. Fourth Ward Alderwoman Sharon Perjak suggested the board allow a senior citizen, John Petish Sr., to speak.

Petish had a point to bring up that he considered important. It had to do with the township and its operation.

One of the highest forms of freedom available in our society is the right of the public to address its elected officials.

Unfortunately, Petish was not allowed to speak. As pointed out by 2nd Ward Alderman Sam Whitmer, Petish was not on the agenda.

Third Ward Alderman Brett Hanke suggested the board vote to let the man speak — bend the rules a bit in the interest of public service.

He was called down. An attempt was made to humiliate the new alderman for not knowing about some nearsighted homemade rule that only allows those on the agenda to speak.

Still, Hanke was right, the council can bend its own rules to let a citizen speak.

In this case, though, Petish will have to get on the agenda before he can have a say.

The need for such agenda listings is obvious. If several persons each week came and talked about trivial matters, the council would never get anything done.

But the council, in its wisdom, can be unbending with the agenda rule when such conditions are obvious.

Otherwise, it appears some council members are more interested in rules and political one-upmanship than public service.

Nameoki officials discuss budget

By SUSANNE INDELICATO

Possible assistance to the Arlington Heights Water District and reduction of the groundwater level in the Doherty Slough were topics discussed by Nameoki Township trustees as they considered the 1985-86 budget May 21.

The proposed budget will receive final consideration during the town board meeting Tuesday, May 28.

THE TRUSTEES MET informally to discuss and anticipate the general revenue sharing fund, a decrease of \$4,650 from last year.

Trustee Ken Davis asked whether any revenue sharing monies were set aside for the Arlington Water District, which has applied to the U.S. Farmers Home Administration for a loan to supply water to the subdivision.

DAVIS SAID he would like to offer some assistance to the water district. "If we in fact get a loan from FHIA and if we get the remainder of the money we need and if money in the health program can go toward that."

Should the water district obtain its loan and collect tap-on fees from those wishing water service, he said, the district will get enough money to do everything except larger lines and fire hydrants.

Township Supervisor Harry Briggs said the water company supplying water to the district may agree to advance the money for 6-inch lines for fire hydrants and later recoup the money through rate adjustments.

THE PROPOSED hydrants would be able to fill pump trucks, but firemen would not be able to hook up hoses and fight a fire directly from the hydrants, it was related.

No decision was made on providing assistance to the water

district, but Briggs said he expects to submit a plan for revenue sharing or community development co-funders.

Trustee Norman Hall, who has been investigating the possibility of the township taking over a well system in the Doherty Slough area, said the township might consider getting involved with the cost of re-installing the well.

THE U.S. ARMY CORPS of Engineers installed a temporary well between Hemlock and the township taking over a well system in the Doherty Slough area, said the township might consider getting involved with the cost of re-installing the well.

The well was used to pump water to Doherty Slough and channel it to a pump station located at the end of the slough near Pontoon Road. That pump station automatically activates when the water level in the slough rises, pulling water into lines leading to the Nameoki ditch. From there, the water empties into Horseshoe Lake.

Hall said a 450-gallon pump running continuously would reduce the water level 1.8 feet.

IN ADDITION to the township, Granite City and the Metro-East Sanitary District could incur higher costs because of increased maintenance and operation of the pump station in the slough.

Hall proposed that the township consider putting Granite City and MESD in putting the well "on line" for six months or a year, and see if it does something.

If the well is successful, he said, residents in the area affected by flooding could form a drainage association to share in the operating cost of the well.

HALL ESTIMATED it would cost \$4,000 to \$5,000 to put the well back on line.

But Trustee M. Dell Whitsell said, "I'm sure our attorney will tell us we

have no drainage responsibilities."

Hall said he had been notified that residents in the slough area have started a petition drive to encourage Granite City officials to take over the operation of the well.

The residents told Hall they plan to present the petition to the Granite City Council in June.

OTHER BUDGETARY matters discussed by the trustees included the need for a new roof for the township hall. The present roof is badly leaking. The trustees hope to replace the flat roof with a slanted one.

Trustee Joseph Garcia said only \$1,000 had been budgeted for building maintenance. However, \$5,000 was budgeted in the general town fund for contingencies.

Plans for remodeling the township hall meeting room will have to wait until next year, Briggs added.

EXPENDITURES for the assessor's division have been estimated at \$28,000, up from the current \$22,500 allotment, trustees noted.

Briggs said the assessor's budget was increased because a lot of his deputies will be working full time instead of part-time. He noted that the assessment deputies recently "picked up \$10 million in assessed valuation we never had on the books before."

Finally, trustees questioned \$20,000 for salaries in the general assistance fund. Briggs said the money was put there in case the township needed it, but that no raises were needed for current general assistance employees.

MOST OF THE LINE items under general assistance remained even or decreased from last year's level. The proposed budget earmarks \$10,000 for utilities aid, compared to \$15,000 last year.

"What I'm worried about, as far as general assistance is concerned, is the utility bills," Briggs said. "Cope fall, we're going to be smothered with them."

Presents plan for ending the federal deficit

To the Editor:

As a member of the Senate Budget Committee, I have devised a budget plan that would restrain the automatic growth in government spending in the only way that is fair and equitable: across the board.

This simple 3-point plan would virtually wipe out the federal deficit by 1989, without raising taxes or cutting benefits for those who live at the poverty level.

The next federal budget is still on the drawing board. Because we have just put a landslide election behind us, Congress can now pass a budget that will incorporate lasting changes in our national economy.

Or, it may blotch this opportunity one that we may not see for at least another four years.

If Congress should pass another "business-as-usual" budget, it would mean that budgetary pressures will keep the dollar overvalued and American products too expensive for the world markets — a

main cause of unemployment and the financial crunches we suffer today.

My fair and logical budget plan would accomplish the following:

(1) Freeze all COLAs (cost-of-living adjustments) from 1979 to 1985, with automatic increases thereafter.

At the same time, this plan would exempt all "means-tested" benefits — that is, benefits for those who live at or below the poverty level.

This modification is long overdue. Most workers were lucky to stay even with inflation from 1979 to 1983, when the Consumer Price Index rose by 177 percent. Average wages only rose by 144 percent.

At the same time, entitlement benefits increased by 239 percent. The automatic increases created by Congress caused social spending to swell to unprecedented levels. It is time to let the system cool off, and apply the brakes to entitlement growth for ten years.

(2) The Pentagon should be no exception to efficiency measures. We

should hold the growth in the Department of Defense at 3 percent above inflation. This is high enough to continue the president's strategic modernization program.

At the same time, the board reduction in the federal payroll. We should begin to reduce those federal functions that are unnecessary, while freezing federal pay from the president on down.

These are not easy measures to adopt. They would undoubtedly cause pain, but far less pain than the bankruptcy of America that we will face without drastic steps to curb our fiscal hemorrhaging.

We must get our federal programs in the right priorities. Government relief must be limited to those who truly need it. And the government itself must become a more efficient instrument for delivery of that relief.

GC assessment list

In light of the recent decision to publish the 1985 Granite City Township reassessment list in the *Edwardsville Intelligencer* newspaper, traditionally published in the *Press-Record*, visitors to the Granite City Post Office Wednesday afternoon were asked what they think about the decision by Madison County Supervisor of Assessment Robert Harris.

Charles Ahring Jr., Granite City

"I don't think it's right. He, also being a Granite City boy, apparently has some animosity against the newspaper here."

Beulah Hudson, Granite City

"I think he (Harris) should put it in the Granite City newspaper so the people of Granite City know what's going on here and know what the new assessments are."

Lucy Link, Granite City

"I think the people of Granite City should have that information available to them in the local press. I think it's imperative that this information be made available to us."

Tom Gass, Granite City

"I think they should print it in the Granite City paper where the people it affects can react to it. At least they would know what their new property values are."

Holiday, summer increase child hazards

To the Editor:

Memorial Day weekend signals the end of the school year and the beginning of summer vacation for children. Memorial Day should also send a signal to motorists to drive with extra care because children will be thinking of playtime activities, not traffic safety.

Bikes, scooters, roller skates, skateboards, "hot wheels" and wagons may provide many hours of fun. However, if any of these toys

are propelled into the street, the result can be tragic.

Drivers have a responsibility to watch for children playing in or near the street. Youngsters can appear suddenly from between parked cars or simply chase a ball into the street. Children also like to play in driveways, so we need to be especially careful when backing out of a garage or pulling into a driveway.

Slow down when driving near

playgrounds, school yards, baseball diamonds and parks. Children often play in these areas during the summer, increasing bicycle and pedestrian traffic.

Parents also have a responsibility to teach their children the rules of the road. They should be taught traffic signs and signals, and the importance of not playing in or too near the street.

Display American flag on Memorial Day

To the Editor:

Oh, say, can you see what we so proudly hail? It is our American flag, which every citizen in the area should be displaying this Memorial Day, in memory and remembrance of our gallant soldiers and sailors who fought and died for their beloved country.

Sad to say, you will not see many American flags honoring our fallen heroes. In troubled times such as this we should show our colors proudly, taking pride in America and

the greatest flag on earth, bar none. Some flags displayed are old, faded and torn. These should be replaced with new flags. We should never fly a flag in such a condition.

Some flags are displayed on water pipes or home-made versions which are not appealing whatsoever.

A flag should be displayed on a proper pole with an eagle on top or proper ornament. Even some business places use a home-made flagpole to display "Old Glory," showing a lack of appreciation of the

flag. Regardless, let's not forget this Memorial Day and what it stands for. Too many people are apathetic when it comes to the American flag. Very few people even own one, much less display it on patriotic days.

A salute to those patriotic citizens who fly it every day and to the ones who display it on patriotic days. It's the red, white and blue, now and forever. Let's keep it up.

Would September be better for primary?

To the Editor:

One issue the legislature will address this year is whether we need to shorten the campaign season in Illinois. Sometimes it seems like someone is constantly running for political office. It may be time for a change.

One proposal would move the primary from March to September. This shortens the campaign considerably from nearly a year to just a few months.

Presently, if a legislator plans to seek re-election or if someone wants to challenge that legislator, they must declare their intentions by filing their nominating petitions in December, almost a year before the general election the next November. In reality, the campaign starts several weeks before, when candidates begin circulating their petitions.

For a legislator with a two-year term, a March primary doesn't allow much time to be a legislator and do what is right for his or her district before running for re-election again.

A September primary permits them to complete most of their term before deciding to seek re-election or retirement. It also gives potential challengers more time to evaluate the job done by the incumbent.

Another feature of a late primary is that it shortens the time between the primary and general election. This in turn limits the length of time voters are bombarded with election materials. I'm sure the voters would appreciate this. As a candidate, I know I would.

By shortening the campaign, hopefully we could cut the cost of a campaign. In some cases, legislative candidates have spent more than \$100,000 running for an office that pays \$23,500 a year.

As campaigns become more expensive, candidates become more susceptible to influence from special interests which can make big campaign contributions.

Another welcome change is a September primary would bring an end to winter campaigns. History shows that more people turn out to vote when the weather is warm.

On the other hand, moving the primary to September would put an enormous workload on local election authorities.

Instead of getting a breather between primary and general elections, election workers would be working constantly through the summer and fall registering voters, holding the primary, back to back, registering voters and then holding the general election. They would be ready for a vacation when all the votes are counted.

Secondly, a September primary could confuse the voters. The ink would barely be dry on the primary results before the winners are off and running for the general election.

Instead of having two distinct campaigns, one for nomination and one for election, voters would be subjected to a non-stop campaign from summer to early November. A spring primary at least gives the voters and candidates a chance to relax before the general election campaign starts.

Shortage of judges causes court backlog

Madison County Circuit Court Clerk Willard V. "Butch" Portell reports that the Circuit Court, Third Judicial Circuit (Madison and Bond counties), fell behind in its caseload last month due to a shortage of judges.

During April, he noted in his report to the Supreme Court administrator's office, 5,009 cases were filed and 4,399 were terminated by the court, with more than 400 cases being added to the backlog.

"The main loss was in the misdemeanor, small claims and traffic, which are not time-consuming cases. The most considerable gain was in large-loss jury cases (\$15,000 or more), where 43 new cases were filed, four reinstated, 26 transferred from a lower division and 82 cases terminated. This was a productive month in this particular category," Portell noted.

Portell and Chief Judge Andreas Mateosian are accepting the report, "but not with large smiles," Portell said.

Illness has caused a temporary shortage in the number of judges available to handle cases at the Madison County Courthouse.

Following are the numbers of each major type of case filed, terminated and pending at the end of April:

Cases	Filed	Terminated	Pending
Law cases seeking more than \$15,000			
Jury	43	82	1732
Non-jury	41	26	605
Law cases seeking \$1,000 to \$15,000			
Jury	7	12	263
Non-jury	54	26	493
Other cases			
Chancery	28	20	385
Miscellaneous Remedy	30	12	274
Eminent Domain	10	2	76
Mental Health	54	42	18
D.Vorce	150	133	1130
Family	119	85	2229
Juvenile	61	57	429
Felony	58	55	199
Misdemeanor	503	412	3702
Small Claims	515	407	2265
Totals	1,673	1,382	13,800

In the traffic division, 2,915 new cases were filed during April and 2,816 were terminated, the report shows.

Of the 80 felony cases heard during the month, 34 persons were convicted of felonies, one case was dismissed or transferred, 18 were dismissed or consolidated, one was convicted of a misdemeanor and one was found unfit to stand trial.

Guilt pleas during April included two for Class 1 felonies, 17 for Class 2 felonies, eight for Class 3 felonies and six for Class 4 felonies. Jury convictions included one Class X felony.

Felony sentences during the month included 11 persons sent to prison, seven receiving probation or conditional discharge with periodic imprisonment, and 16 receiving probation or conditional discharge with other discretionary conditions.

Zoning board to consider requests

The Madison County Zoning Board of Appeals will meet at 9 a.m. Monday, June 3, to hear a request for a zoning change in Nameoki Township.

Udell K. Bischoff, owner, and Edward Perigan, purchaser, have asked that nine acres of land be rezoned from an agricultural district to a B-4

wholesale business district. The property is located along Illinois Route 162 near Carter Lumber Company.

Following that hearing, the board will meet at 9:40 a.m. to hear a request from Doris M. Cooper, owner, and Glenda Sue Wallace, purchaser and occupant, for a special use permit and variance.

The petitioners want to place a mobile home in an agricultural district in Chouteau Township. The property can be reached by taking Chain of Rocks Road over the canal to the first road to the right. The property is located just past the new bridge.

FILE CHARGES AFTER TAVERN DISTURBANCE

Responding to a fight at Hoppe's Tavern, 2807 Edwardsville Road, early May 11, officers noted bar stools and tables were in disarray. A barmaid alleged three men started shooting and fighting, alarming other customers.

Charged with disorderly conduct were John Nishke, 38, of the 1100 block of St. Thomas Road, John D. Meng, 26, of 2817 E. 24th St. and Edward J. Lavin, 36, Peoria. Each posted \$52 bail.

MAN CHARGED WITH DUI, SPEEDING ON MOTORCYCLE

Pontoon Beach police arrested Ralph E. Bodimer, 33, of South Roxana for speeding, driving under the influence of alcohol and fleeing in an attempt to elude police. Officers alleged he was speeding 74 mph on a motorcycle in the 3900 block of Route 111 at 1:30 a.m. May 15.

When the officers attempted to stop him, Bodimer allegedly fled, leading to a pursuit at speeds up to 90. They said he jumped off his motorcycle on a westbound ramp at Interstate 270 and Route 111 and fled on foot before being apprehended by officers.

Aldermen clash on council procedures

A personality clash between two Granite City aldermen Tuesday night prompted Mayor Van Dec Cruse to suggest the council practice some teamwork.

The discussion began when 4th Ward Alderman Sharon Perjak voiced a motion to allow a Granite City resident, John Petish Sr., to speak at the Granite City Town Board meeting.

There was some argument as to whether the resident should be allowed to speak, since he was not listed on the agenda, and 3rd Ward Alderman Brett Hanke suggested the council take a roll call vote on the matter.

Second Ward Alderman Sam Whitmer told council members if the matter was voted on, there need not be a roll call vote.

"Junior aldermen are not supposed to come up here and try to run the whole council after two weeks," Whitmer said. "I've seen these type of aldermen come and go—and they usually turn out to be one-term aldermen."

"I don't need an alderman to come up here and interpretate that for me."

First Ward Alderman Casmer Skubish then commented about a situation that occurred at last week's council meeting, in which he and Hanke exchanged comments concerning a point of order in the meeting.

BRETT HANKE

SAM WHITMER

Skubish read sections of the articles that appeared in the Press-Record and the Press-Record/Journal.

"I know Robert's Rules of Order," Skubish commented. "This freshman alderman has to learn this."

Hanke said nothing during the meeting about remarks by the senior aldermen.

After further discussion, Perjak withdrew the motion for Petish to speak, on condition he be placed on the agenda for next week's meeting.

After the motion was approved, Cruse suggested aldermen exhibit teamwork in their efforts to benefit the city.

"We're jumping off to a fast start here," Cruse said. "Some of us are going to be here for four years and some of us are going to be here for two more years—let's try to work together as a team."

"If we can make an effort to keep the meetings geared toward the business of the city, everything will work out all right."

Holiday traffic control stressed

Illinois State Police will again participate in the national Combined Accident Reduction Effort (Operation CARE) during the Memorial Day holiday period which begins at 6 p.m. Friday, May 24, and ends at midnight Monday, May 27.

The program, initiated in 1977 by Illinois, Michigan, Ohio and Indiana, has been expanded to include all 48 contiguous states.

By utilizing high-visibility patrols on interstate highways and on designated high-accident areas of state highways, the State Police will endeavor to encourage voluntary compliance with all traffic laws. Their goal is to reduce holiday fatalities.

Superintendent Laimutis A. Nigdelonas said, "All available district troopers as well as command, supervisory and specialty personnel will be patrolling this holiday period."

"Strict enforcement efforts will be directed toward those driving under the influence of alcohol, exceeding the 55 mph speed limit, and violating the child restraint law."

The designated CARE highways in District 11 at Collinsville are I-64, I-55, I-70, I-270 and U.S. 67 from Alton to the Jersey County line.

Captain Bobby L. Henry Sr., commander of District 11, said, "We ask you to join us in Operation CARE by obeying all traffic laws. All motorists should buckle up before they drive."

During the 1984 Memorial Day holiday period, 14 road fatalities were recorded in Illinois.

Bi-State budget rises

The Bi-State Development Agency board on Tuesday adopted an \$89 million budget for its bus system in July 1985-June 1986. Road supervisors are to be increased from 29 to 33 to aid in having buses run closer to schedule. Up 0.5 percent, the budget assumes no change in fares. Bus mileage is expected to rise 3 percent due to service improvements and 1 percent due to added routes in Illinois.

Free throw winners to get trophies Saturday

Basketball skills will be tested and trophies will be awarded to the successful contestants in a free throw match scheduled at 10 a.m. Saturday, May 25, at Lee Park in Venice.

The contest is being sponsored by the Venice Park District for children and young people from age 8 to 19 and over, according to Anna Claggett, a Venice Park Board member and chairman of the district's recreation program.

To be staged on the basketball court in Lee Park, the competition will consist of three rounds of shooting, with those successful in the two early rounds advancing to a shoot-out in the third round.

They will vie for trophies in six age categories, with top shooters in

the final round declared the trophy winners.

Registration is being accepted in advance at the Venice Recreation Center, 323 Broadway, or prior to 10 a.m. Saturday at the contest site.

Fees will range from 50 cents for the younger children to \$2 for those 19 and over. Information may be obtained by calling the program chairman or Dale Crawford or Charles Collins, recreation directors, at the Venice Recreation Center, 451-7201, between 11 a.m. and 5 p.m.

Mary Hennenfent gets BS degree in biology

Mrs. Mary Hennenfent, daughter of Mr. and Mrs. W.L. Metcalf Jr. of Granite City, received her bachelor of science degree in biology from Lindenwood College, St. Charles, Mo., May 18.

The academic procession was led by the Moolah Pipes and Drums and the commencement address was given by Congressman Richard A. Gephardt of Missouri.

Mrs. Hennenfent is a 1981 graduate of Granite City High School South. She now resides in Warrenton, Mo., where her husband, Greg, is a coach in the Warrenton R-2 school district.

THREE MEN ARE ARRESTED

Three were charged with possession of beer when a car was halted by police at W. 20th Street and Illinois Avenue. They were Dennis P. Tinsley, 30, of 2022 Missouri Ave., Earl P. Panning, 30, of 1111 McCambridge Ave., Madison, and Charles F. Constant, Dallas, Texas.

Hypnosis offered on smoking, weight

The Lung Association of Illinois is offering hypnosis clinics to residents to help them stop smoking or lose weight. John Greer, hypnotherapist and clinician, will conduct group hypnosis clinics June 9 and 10.

"For the smoker, there is constant conflict. A smoker's intelligent self wants to quit smoking, but his emotional self still needs the gratification smoking gives him. Hypnosis helps a person convert to a non-smoker rather than give up something he still wants to do," said Greer.

"Dieters usually get on a yo-yo syndrome, taking off weight and then putting it back on. Hypnosis helps reprogram the subconscious so they enjoy nutritious food and proper eating habits. The key to losing weight is making a life change, not a temporary body change."

In both clinics, participants relax during three hypnotic inductions while Greer gives suggestions to their subconscious minds. Literature and a cassette tape will be provided to reinforce these suggestions at home.

The June 9 clinics will be held at Oliver C. Anderson Hospital, Maryville. The stop smoking clinic will be held at 2 p.m., with the weight control clinic following at 4 p.m. For information regarding registration and the fees, the number is 288-5711, ext. 447.

The June 10 clinics will be held at St. John Evangelical United Church of Christ, Collinsville. The smoking clinic will be at 6:30 p.m., with weight loss at 8:30 p.m. The number is 344-2526.

Holiday schedule at Post Office May 27

The Granite City Post Office will operate on a holiday schedule during the Memorial Day observance Monday, May 27.

Officer in Charge David W. Kane said regular residential and business deliveries will not be made, and usual post office lobby services will not be available with the exception of the Post Office box service. The box lobby will be open from 8 a.m. to 5 p.m.

Special delivery and Express Mail service will continue during the holiday.

Mail pickup from collection boxes also will be on a holiday schedule, as posted on individual boxes, or determined by calling the Post Office.

REPORTS THEFT OF \$600

John Lindsey, 2223 Edison Ave., said May 15 someone removed \$600 in cash from the refrigerator at a relative's home at 1415 Niedringhaus Ave. After placing the money there, Lindsey said, he left the residence for five minutes; when he returned, the money was gone.

ATTENTION: HOME OXYGEN USERS! NOW YOU CAN ENJOY GREATER SECURITY AND SAVE MONEY, TOO!

Providence Oxygen and Medical Equipment has just added the Cryo 2 Pulsar Portable Oxygen System to their line of home respiratory equipment.

The Pulsar is the most advanced portable system available today. Because of its unique "pulsed" system of oxygen delivery, the Pulsar dramatically reduces oxygen waste. The result? A single tank-filling will last you three times longer than it would with a conventional system. This means that you have greater freedom to do the things you enjoy. It also means that you can save up to 2/3 of your usual portable oxygen supply. And that saves you money.

For more information about the Pulsar Portable Oxygen System or any of your home respiratory needs, call Providence Oxygen and Medical Equipment, 798-3666.

- All of our staff members are fully credentialed respiratory therapists.
- We have respiratory therapists on call 24 hours a day to handle emergencies.

Credit Union Days at Six Flags June 15-16

Savings are being offered on Six Flags tickets for June 15 and 16, Credit Union Days. The Southern Illinois Chapter of Credit Unions is sponsoring a special "day in the sun" for Saturday, June 15, or Sunday, June 16, with ticket prices reduced by \$4.26.

"Tickets are available to everyone. You do not have to be a member of a credit union," a spokesman said. The special price of \$10 compares with the gate cost of \$14.26 for 12-year-olds and up, or \$10.51 per child, 3 to 11 years old. Tickets are available now at most Quad City credit union offices.

Last year, over 5,000 people enjoyed the special prices at the Six Flags Over Mid-America amusement park.

There is no limit on the number of tickets that can be purchased from the credit unions for these days.

POPE PIUS XII AWARD WINNERS are (left to right) David Planitz, in front with Msgr. quor in the near future, however, since it is undergoing an expansion at the store similar to the one in Granite City, where a new and larger building was constructed.

HE SAID THE ADDITION of a liquor department would add 40 to 60 man-hours a week to the store's payroll. He said he expects to hire one to two persons to do the job.

He also addressed the possibility of independent liquor stores losing business because of the sale of liquor at supermarkets.

"When we started the sale of liquor in our Rola (Mo.) store, liquor stores did not lose money. Instead, the volume of sale went up," Urbanowicz said.

URBANOWICZ SAID the public attitude on alcohol consumption has changed.

"Liquor is consumed in a more civilized fashion today," he said. "Many people will drink wine as a regular beverage with their food today."

Paul Fisk, alderman of the 3rd Ward, said although liquor may be consumed in a more reserved fashion today, alcohol is still responsible for "more than 50 percent" of divorces and a large percentage of fatal accidents.

"SURE, IT'S MORE fashionable to drink, but I guess it's more fashionable to have home problems today and it's more fashionable to kill someone on the highway today, too."

Fisk disputed the comment by store representatives that employees would be hired to handle the liquor department.

"That 60 hours will be 60 hours of part-time help, with as low amount of pay as possible, and no fringe benefits," Fisk said. "I'd imagine that \$500,000 a year increase in income will be pretty hard to swallow at contract times, too."

FIK SAID the opening of liquor licenses to supermarkets would require the city to issue liquor licenses to any businessman who requests one, or else be faced with a lawsuit.

"You can't tell me anything it's (liquor) done to improve the quality of living, although it does line the

poCKET real well," Fisk said. Fred Mueller of Walgreen's told aldermen that the sale of liquor would increase gross sales by 18 percent.

"AS A RETAILER, I'm only asking for something that is a normal practice in all of our other stores," Mueller said.

He said his store, if awarded the license, plans to segregate the liquor from the rest of the store so the staff can "control" it better. He said the firm would hire a full-time worker to handle sales.

James Burnett, pastor of City Temple Assembly of God, said he is concerned about what will happen to the quality of life in Granite City if supermarkets are allowed to sell liquor.

HE SAID HE FEARS that crime would increase if alcohol is sold.

"If someone is addicted to it (alcohol) they soon will find there's no other way to get it than to steal it or to steal something for it," Burnett said.

"The policy of Granite City in the past has been that alcohol is a dangerous drug that must be regulated. You are now being asked to change your philosophy."

"THE STORES WANT you to consider liquor as just another grocery purchase. Pretty soon, your children won't know the difference between buying a fifth of liquor and a bag of oranges. We have the responsibility of providing some refuge for our youth — of taking them places without them being exposed to liquor."

Tomyee Hopkie, a Granite City resident, said she does not see why aldermen do not allow sale of liquor in grocery stores.

"It would be different if we didn't allow the sale of alcohol in the city," Hopkie said. "But you can't walk a block in the city without seeing a tavern or a liquor store."

"I CAN'T SEE the point in keeping alcohol out of the grocery stores," Jan Gitcho, owner of Corral Liquors, told aldermen an expansion of liquor licenses would not increase the sale of liquor but would simply divide up the sales between liquor

stores and grocery stores. He added that customers would not raise, because "for every employee hired at a grocery store, an employee from a small liquor store would lose his job."

Gitcho said liquor stores are more careful about "carding" customers because liquor is their only source of income. He said if grocery stores get their liquor license suspended, they still are in business, selling food.

ALDERMAN CASMER Skubish, 1st Ward, said he had received several phone calls from church people, who said they would boycott food stores selling alcohol if the licenses are granted.

The Rev. Jack Cicciolo, pastor of First Baptist Church, turned in to the council a resolution that was drawn up by his church. The resolution opposes the sale of liquor in grocery stores, citing alcohol as a reason for battered women, divorce, child abuse and birth defects.

Cicciolo called for other Christian churches to petition the council to raise city revenue in some other way.

EARL F. PHELPS, chairman of deacons at Calvary Baptist Church, presented aldermen with petitions against the sale of liquor at the grocery stores. The petitions were signed by approximately 760 members of 13 local Southern Baptist churches.

Phelps said 27 of the signatures are from people living outside of the city limits who shop in Granite City.

He spoke out for the rights of people who do not drink.

"THE PEOPLE WHO are offended by liquor are taxpayers, too — they support the school district and the city," Phelps said.

"I understand the council has a great responsibility placed on them. We're going to be praying for you."

Park pool to open Saturday

Barring any further mechanical problems, the Wilson Park swimming pool will open for the 1985 season as scheduled Saturday.

Opening ceremonies are set for 1 p.m. at the pool, which is starting its 46th summer.

Last year, several mechanical problems delayed the opening of the pool past the traditional opening on the Memorial Day weekend, and the pool was closed for a week after it was opened.

THE LAW AND YOU
BY RICK REED
Attorney At Law

When an elderly parent who is ill puts one child's name on the bank accounts, they may create a joint tenancy. What happens to these accounts when the parent dies? If there are other surviving children, there may be a dispute at the time of the parent's death.

In one recent case, a father in failing health who was subject to memory lapses put his son's name on three bank accounts as a joint tenant. At the time he did this, there were two other sons who were not added to these accounts. The total value of the accounts was more than \$46,000. The rest of the father's estate was valued at approximately \$32,000. When the father died, a dispute arose as to who would receive the proceeds of the joint tenancy bank accounts.

The law in this regard says that when a joint account is created, it is presumed that a gift was intended. This presumption can be overcome only by clear and convincing evidence that a gift was not intended. Applying this law to the recent case noted in this article, if the father intended to make a gift when he set up the joint accounts, the one receives the entire \$46,000 upon the death of the father. If the

sons can show that a gift was not intended, the money from the accounts will pass to the estate and be divided evenly among the three sons.

The executors of the estate in this case argued that the father did intend to make a gift here but rather created the joint accounts as a matter of convenience because of his declining health. The court agreed with this position. Friends of the deceased, rather testified that he was in failing health, had frequent memory lapses, and was preoccupied with putting his financial affairs in order.

Furthermore, the court felt a gift was not intended in that the father was under heavy medication for pain at the time he established the joint accounts with the one son. Finally, the court relied upon the fact that the father apparently changed the accounts at the one son's insistence, and also that he retained possession of the passbooks after the transfer. The sur-
rounding circumstances seemed to indicate the father may not have fully understood the nature of the transaction, and that he intended the three sons to share the proceeds of the accounts equally.

Sales tax collection fee may be reduced

Legislation which would reduce the amount of revenue retained by the Department of Revenue for collection of local sales taxes has passed the Illinois Senate. The measure is sponsored by Sen. Sam Vadalabene, D-Edwardsville.

"This is not intended to seek additional money from the state + it is intended to ask the state to only charge local government a percentage based on its administrative costs as indicated by the auditor general," Vadalabene said during debate on the Senate floor.

He noted that a law was passed a few years ago reducing the collection charge from four percent to two percent. The new measure, reduces it to 1.6 percent.

"According to the auditor general's review, the amount received by the department from the two percent retention exceeds the cost of administering the tax collection."

Vadalabene added the bill "compliments the Department of Revenue for maintaining efficiency of administration in reducing local government's cost of collection." The bill now goes to the House for further consideration.

\$1,220 EQUIPMENT TAKEN

Johnny Laughlin of Joplin, Mo., said May 16 someone removed items valued at a total of \$1,220 from his truck while it was parked on the lot at Smithway Trucking, 15th and State streets. Taken were four tarpaulins, eight chain binders and eight 14-inch chains.

Vadalabene to seek new term in Senate

Sen. Sam Vadalabene, D-Edwardsville, announced Monday he will seek another term as state senator from the 56th Legislative District in 1986.

Vadalabene, who will be a 20-year veteran of the General Assembly, announced his candidacy during a fund-raising breakfast at Charlie's Restaurant in Granite City. Those attending included U.S. Senator Alan J. Dixon.

"I believe my credentials and my long record of service to the people of the 56th District speak for themselves," Vadalabene said following the annual "Senator Sam breakfast."

"I have served in the Assembly since 1967 — first in the House (until 1970) and now in the Senate. The one thing I have always kept in mind when casting a vote is that the peo-

ple of the 56th District have given me the privilege of voting for them in the Illinois Senate.

"I don't consider how I feel about an issue, but how my constituents feel about the issue," Vadalabene continued. "Now, I'd like the privilege of serving them again."

During his 15-year tenure in the Senate, he has served as the Majority Caucus chairman; chairman of the committees on Executive Appointments, Veterans Affairs and Administration; vice chairman of the Appropriations II Committee; and member of the Higher Education and Executive committees.

Baseball Warriors host Kahoks as regional begins

By ALAN L. GERSTENECKER
Sports Editor
of the Press-Record

GRANITE CITY — When Granite City High School's baseball team takes to the field this afternoon in the first round of the Class AA Collinsville Regional, the Warriors will field a team vastly different from the one that began the season.

Different not only because a few of the faces in starting positions are different, but different in philosophy. Sure, a few faces have left the lineup, but more than anything, Warrior Coach Bob Stegemeyer knows his team better now than he did then — it's weaknesses and its strengths.

Knowing that has enabled Stegemeyer to come up with his current philosophy.

"WE'RE NOT really a strong pitching ballclub. We don't have a (pitching) staff that can throw a lot of fire. Because of that we have to be a strong defensive ballclub," the Warrior coach said. "I think we're a better defensive team now than we were earlier."

Enroute to becoming a better baseball team the Warriors have made some changes. Virtually no

Regional

one — no one except Warrior first baseman Pat Cathey — has been immune to change.

Early in the season, the Warrior catcher was Derek Merz. Merz has yielded way to Matt Roe, a junior. Roe, who doubles as a Warrior hurler, is batting .250.

SKIPPING over Cathey and moving to second, the current Warrior second baseman is Dennis Gaudreault. Gaudreault played second base as a sophomore last season, but was sidelined earlier in the season, recovering from a leg injury suffered last fall. Jim Chomko, who's batting .288 and may see action as a designated hitter, had the starting nod earlier this season.

At shortstop, Junior Bill Moore has given way to a hard-throwing Todd Hinterser. Moore, who's batting .329 and stolen 17 bases, will pinch-hit and pinch-run, the Warrior coach said.

THIRD BASE has been somewhat of a hot seat for the Warriors and not necessarily the hot corner. At the start of the season senior Randy Burgess had sole possession, but when his hitting began to slacken, Stegemeyer played Moore during the interim. Slated to play third during the regional tournament is Steve Davis, a junior batting .200 who has an on-base percentage of .446.

The Warrior outfield has seen less change, welcoming but one new face

among the crews that roam the pasture.

At the start of the season the Warrior outfield appeared to be the Warriors' most stable, boasting three seniors — John Konkovich at left, Shane Cole in center and Kurt Hylla in right.

ALTHOUGH all three are still seeing considerable action in outfield, they've made room for sophomore Tim Hogan.

Cole, who was last month's Press-Record Athlete of the Month, is leading the team with a .402 batting average. The hard-hitting Cole is now playing left field.

Roaming the grasslands of center field is Hogan, the speedy sophomore who Stegemeyer praises as having the coveted ability to shag long balls on the run. "Hogan's catching balls out there that until he came were dropping in as hits," Stegemeyer said.

Konkovich and Hylla will alternate right field. Batting .373, Konkovich is a tough out and leads the club in walks with 23. His on-base percentage is .490 and has been successful on 15 of 18 stealing attempts.

BUT AS successful as Konkovich has been at swiping bases, the best

base burglar on the Warriors' squad is Fred Becker. The fleet-footed Becker has stolen 20 of 22 bases and scored 17 of his 32 times he's gone to the plate. Becker is chasing the base-stealing record set by Bob Batey of Granite City North. Batey's record is 25 stolen bases was set in 1980.

"We're not really a bad offensive ballclub — Cole, Chomko, Cathey, Hinterser and Gaudreault have all been hitting well, especially Cole and Cathey, our seniors," Stegemeyer said. "But defense wins ball games. We're looking for the kind of team that will win the 1-0, 3-2 games."

WHEN THE fourth-seeded Warriors meet Collinsville this afternoon, they will take with them into the game a 19-14 record. The Kahoks, seeded fifth, bring with them an 11-14 record.

While the Warriors host the Kahoks, third seeded Cahokia will host fourth-seeded East St. Louis Lincoln. East St. Louis Sr., the SWC champion and top seed in the postseason tourney, will play the winner of the Granite City vs. Collinsville game at 10 a.m. Saturday at Collinsville's Fletcher Field.

Belleville Althoff, the tournament's second seed, will play the winner of the Cahokia vs. Lincoln game after the East St. Louis game on Saturday, about 1 p.m.

THE REGIONAL championship game is scheduled for Memorial Day Monday at 1 p.m. at Fletcher Field.

Granite City's starting pitcher for today's game will be Allen Zentgraf, a senior right-hander whose record is 4-1. Collinsville is yet to announce its pitcher.

Backing up Zentgraf, the Warriors' most successful pitcher this season, is Ernie Gray. Behind Gray are Darin Spaulding and Roe.

In regular-season games, the Warriors split with the Kahoks, as they did with all of their Southwestern Conference opponents.

"It's one loss and you're out now," Stegemeyer said. "You've got to come ready to play. I think we'll be competitive. Nobody's embarrassed us."

All we're thinking about right now is Collinsville. We're not looking past anyone, although it would be nice to get another chance at East St. Louis."

GCC Basketball

Daniels named GCC new coach

By GREGG OCHOA
for the Press-Record

GRANITE CITY — Ted Daniels will be putting a lot of miles on his Chevette in the coming weeks.

The reason: Daniels will be hitting the recruiting trail as he tries to breathe new life into Granite City Center's women's basketball program.

Daniels was named the new head coach of the junior college's program Wednesday.

"We're starting a new program from the floor up," Daniels said. "I've got a lot of hard work ahead of me."

DANIELS will not doubt be driving his Chevette all over the surrounding countryside in hopes of putting together a team this fall.

Both the women's basketball program at GCC and Daniels' coaching career mirror one another. Both are new beginnings.

After 1983, women's basketball was dropped at Granite City Center. Lack of interest was one of the main reasons which led to the program's demise.

"We're committed now," said Terry Collins, GCC's athletic director. "Like the rest of our programs (it's women's basketball) part of our growth process."

FOR DANIELS, the position will also mark a change, one the coach feels is for the better.

Last season Daniels was fired as the coach of Lovejoy High School basketball team. He was there for almost three years, compiling a 46-36 record.

"I had thought I would be away from coaching for at least a year," Daniels said. "I really had to do some serious thinking about this job. I had to decide if I was ready to give 100 percent. And, I am."

"I have no ill feelings to the people at Lovejoy. I've got to put that behind me and look forward."

COLLINS feels Daniels will be good addition to the junior college's athletic program.

"He is respected by other coaches and he'll be a good recruiter and he's a good hard worker," Collins said. Coaching girls will be a new experience for Daniels. He's only coached girls "little league" softball.

It's definitely going to be a challenge," Daniels said. "We are going to try and grow slowly. We've got to crawl first. Then try to walk, and hopefully run."

The Stars new coach said the first job is to travel to area high schools looking for interested players.

"THIS WILL be different than high school because your players aren't already there. I will be looking for young women to complete, work hard and give me 100 percent effort every day in and day out."

five finalists for the position, has hopes of building a successful program, but realizes that it will take time.

"The community will have to be patient. The college will have to be patient and above all I will have to be patient."

Collins is excited about emergence of a women's basketball program once again.

"IT WILL be run similar to the men's program," he said. "There will be tuition reductions available." The position at Granite City Center will be part-time. Daniels

will still teach french at East St. Louis High School, a position he has held since 1980.

Besides coaching at Lovejoy, Daniels was also an assistant under the "Flyers" Coy Nunn. In his two-plus seasons at Lovejoy, Daniels' best season was in 1983. The

Wildcats, led by 6-11 All-American center Barry Sumpter, were 19-24. The Stars won the state title and season of women's basketball on Nov. 18 against Rend Lake Community College near Carterville. In all, GCC will play approximately 25 games, Collins said.

'Clouds' now clearing for Warriors

By JOE THOMPSON
of the Press-Record

GRANITE CITY — For most of the season, Jim Davis has seen silver linings in pouring rain.

Now, the rays of brilliant light the coach of the Granite City High softball Warriors points to are painted against a bright, clear sky.

At last, the hits are falling and the Warriors are rolling.

"The Warriors' 7-15 record going into today's 1 p.m. contest against Wood River at Wood River in the first round of the Edwardsville Class AA Regional softball tournament may not be pretty."

In this instance, however, looks are deceiving.

THE WARRIORS have won four of their last six games. One of the defeats was to acclaimed Belleville West, one of the two best teams in the area. Two of the four stretch-

drive victories were against Wood River, 7-6, and Triad, 11-2.

The victories came after the tournament seedings, which may explain why Wood River is rated third, Triad fifth, and the Warriors sixth in the eight-team tournament. Other teams and their seedings include Bethalto (1), Edwardsville (2), Roxana (4), Jerseyville (7) and Alton (8).

WHEN DAVIS says of his team's chances today, "We've got a shot," you've got to pay attention.

There was a time when such fighting words might have appeared hollow — only because the hard-fought play, the solid day in and day out defensive effort, the rarely failing execution of fundamentals, did not transform into victories.

The Warriors' enthusiasm — in the good but mostly bad — never wavered, Davis said.

"The character of our players has

been exceptionally good," he said. "They've played real hard. They want to win. They give their best. That's all a coach can ask for."

BUT a positive outlook doesn't drive in runs. Hits do, and that's what has fueled the Warriors' late season victory surge.

Second baseman Kerl Holtkamp, catcher Karen Sykes and left fielder Kim Armour have wielded the hot bats. Armour, for one, had been riding the pine before her hitting cracked open a spot in the lineup.

"She's been hitting the ball real well," said Davis.

The Warriors will also send scrappy lead-off hitter Anne Puhse against Wood River.

Michelle Morgan will pitch freestyle Any Moss to play first base. Alicia Melton, who had played first, will move to right field. The Warriors will field Michelle Staggs in center

field. Armour will play in left, and Kathy Hutchings anchors the infield at shortstop. Puhse handles the hot corner.

THE WARRIORS will use Elaine Reinagel or Kim Corey at designated hitter for hurler Morgan.

In analyzing what the Warriors must accomplish to advance to the Regional's semifinals Saturday afternoon at Edwardsville against the winner of the Edwardsville-Jerseyville game, Davis' stressed the importance of hitting.

"Defensively we've been pretty good," he said. "We need to get basehits."

The more hits with runners in scoring position the better. "Earlier in the year we weren't getting two, three hits together." Recently, they have.

State Track

Boys begin Friday

BLOOMINGTON — Cairo and Elmhurst (York) are the "on paper" favorites to win the team title in the 91st Illinois High School Association (IHSA) Boys State Final Track Meet this weekend. But the team and individual titles will be decided on the O'Brien Stadium artificial surface not paper when 1,510 athletes from 402 schools compete Friday and Saturday at Eastern Illinois University at Charleston.

Class A (small school) preliminaries in all events will be conducted Friday morning. Class AA (large school) preliminaries in all events will be conducted Friday afternoon. The combined finals in all events will be Saturday beginning at 11 a.m. (field events) and 12:15 p.m. (running events), respectively. The 3,200-meter run will be conducted only Saturday with the finals.

Longtime (20 years) clerk of course William Brandvold of Mattoon will be honored before the start of the finals Saturday as the meet's honorary referee.

Season tickets will be on sale at O'Brien on Friday only and are priced at \$5. Single-session tickets each day are priced at \$3.

Three Class A champions from last year return, and all could have dramatic impacts at Charleston this weekend. Tim Mowatt of Chicago (Latin School) won the long jump and triple jump last year and his performances will be important in the team race. Phil Steinmetz of Christopher is defending 300-meter

low hurdle champion and must repeat if his team is to challenge for the title. But national and international marks in the high jump may be shattered by Heyworth's Tom Smith. Smith, who won at 7-foot last year, has cleared 7-foot 4-inches consistently in recent weeks and has gone over 7-foot 6-inches but fouled on the end of the jump.

Local athletes competing in this weekend's state meet include Reggie Young in the triple jump, Reggie Banks in the 300-meter hurdles and Madison's 400-meter relay team.

Following last weekend's sectional meet, Young, a junior, turned in the second best distance in the state, 45-foot 8-inches. Mowatt, a senior of Chicago (Latin) jumped 45-11."

Banks' effort in the 300-meter hurdles is third overall. His time of 39.1 seconds was 1.7 seconds off the pace of Steinmetz of Christopher.

The Trojans relay team has registered the sixth best time in last weekend's sectional. Clocking in at 44.2, their time is 1.3 seconds behind Melrose Park quad.

In Class AA, the only local athlete making the trip is GCHS' Eric Graves. Graves' efforts of 6-foot 10-inches is the best of all turned in at various sectionals statewide. Josh Bracken of New Trier also turned in a 6-10 jump, but it came on more tries.

In the long jump, Graves' effort of 22-foot 3-inches performance is sixth overall.

SLIR schedules pro motorcycle races

ST. CLAIR CITY — Two-time National Super Bike Champion Wes Cooley will head a field of 80 riders this weekend for motorcycle road races at St. Louis International Raceway, located south of Madison. Scheduled events include the WISEO-WERA six-hour Endurance Nationals May 25 and the WERA Sprint Regionals May 26. Cooley is a two-time American

Motorcyclist Association Pro Super Bike Champion and has completed international. He will team with David Aldana for the fast-paced six-hour endurance event on the 2.2 mile St. Louis International Road Course, located just five minutes from Granite City.

Another leading contender in the Nationals will be Team St. Louis with riders Dan Hays, Bob Mar-

quadt and Gaines DeLoges. The team is the defending overall Western Eastern Racing Association champion.

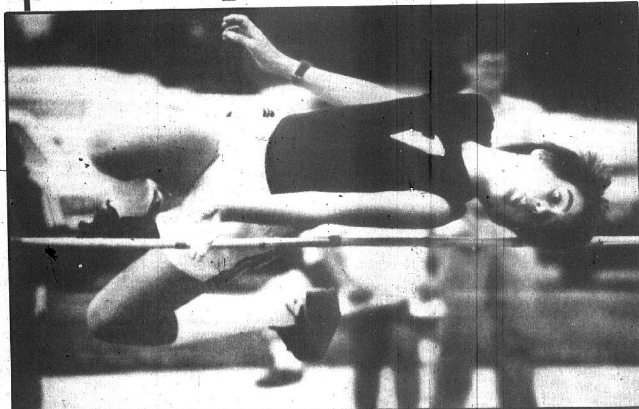

The purse includes \$10,010 plus contingencies for the WERA event with \$6,250 for the six-hour nationals and \$3,760 for the Regional Sprints.

The Nationals will start at 8:30 a.m. May 25 with practice sessions at 8 a.m. The six-hour race will start at noon.

Practice sessions for the Regionals will start at 8:30 a.m. on May 26. The first race will begin at approximately 10:50 a.m.

St. Louis International Raceway will also be the site of a second WERA event on July 13-14. Two other American Motorcyclist Association events are also scheduled at SLIR for June 15-16 and Aug. 11.

Taylor wins feature event

By JOE SENTER
for the Press-Record
GRANITE CITY — Dick Taylor of Springfield was the big winner here at Tri-City Speedway Saturday night

as he went on to win the United Midwest Promoters late model stock car feature.
Driving his No. 24 yellow Camaro, Taylor started on the front row along

side Bo Smith, last year's track modified champion.

At the drop of the green flag, Taylor jumped into the lead as Smith followed only to spin out in the second turn. Smith lost valuable time, but managed to get back into the race.

On the fourth lap, Charlie Sentman dropped out of the race with engine problems and on the ninth lap, Taylor lost control of his car going into the third turn, but came back strong to regain the lead.

Kevin Claycomb spun out in the third turn trying to run in the low groove, and on the restart — after the spinout — refused to take his assigned place in the lineup and was eventually black flagged out of the race.

Mike Wallace, of Fenton, Mo., was second in the 40-lap event on the quarter-mile track while Joe Ross of Springfield finished third. Taylor and Sentman also won their heat races.

TERRY COX won the sportsman's car feature event with Steve Quartermore finishing second and Jake Seets taking the third.

Calander wins national title

EDWARDSVILLE — Southern Illinois University at Edwardsville's Elisabeth Calander, the top ranked singles tennis player in NCAA-II, won her second consecutive national singles title last weekend at the NCAA-II women's tennis championships in Bakersfield, Calif.

The sophomore from Sweden, who was seeded No. 1 in the tournament, captured the title with a 6-2, 3-6, 6-4 win over the second seed, Marie Newton of the University of Cali-

fornia-Davis. By reaching the finals in the singles competition, both players earned the right to compete in the NCAA-I tournament, which begins May 20 in Oklahoma City, Okla.

CALANDER breezed through the opening rounds of the tournament, losing only four games in her first three matches. Calander then defeated Sandra Elliott of Northern Colorado University 6-3, 6-3 in the

semifinals before the three-set victory over Newton in the finals.

Calander, who will leave SIUE at the end of the current term and continue her education in Sweden, won a total of eight matches at the tournament, three during the team competition and another five in individual play. During her two years at SIUE, Calander compiled a 71-8 record.

THE COUGARS also had two doubles teams compete in the tournament, but neither advanced past the first round. Calander and her partner Jan Petras were beaten by the second-seeded team from the University of Notre Dame, while the All-American duo of Patty Tiddy and Laurie Foederer lost to a tandem from California-Davis.

That first-round defeat prevented Tiddy and Foederer from earning their third straight All-American certificates.

National Records

Thompson sets two records

By BILL MILLIGAN
for the Press-Record

CHARLESTON — Nicholle Thompson stood in lane four, crying on her father's shoulder Saturday afternoon after the conclusion of the 13th Annual Illinois girls track and field championships.

It was in that same lane just an hour earlier that she set a United States high school record in the 100-meter hurdles.

It was her day.

Nicholle was in a class by herself at the IHSA girls track finals. She did things that no one else had ever done.

PRIMARY among them was setting two new U.S. records in the 100-meter hurdles and the 200-meter hurdles. She was also the first girl ever to win four gold medals in the IHSA spring track championships.

The other two golds came in her segments of the winning 800-meter relay and the 1,600-meter relay.

With a gazelle-like stride, she capped her Lincoln track career by opening up a 40-yard lead over her nearest competitor in the last event of the meet, the 1,600-meter relay.

For most athletes, that would have been a spectacular feat. For Nicholle, it was merely breathing room.

"I **KNEW** she could do it," she told me she was going to do it," her father, Fred said as he held his daughter amidst a swirling crowd of reporters and photographers, her head buried in his arms. "You don't know how happy a day like this can make you!"

For Fred and Elaine Thompson it was a day to remember. They, along with a grandfather from Colorado who had come to see the meet, had watched as their daughter won the hearts of more than 6,000 people at O'Brien Field on the Eastern Illinois University campus. Fred Thompson is a hot-strip millwright at Granite City Steel.

WHEN Nicholle ran, everyone watched. When Nicholle accepted her awards and the announcer said "the winner, establishing a new national record... Nicholle Thompson!" The crowd came to its feet with the first of three standing ovations.

"You don't know how happy a day like this can make you," Fred said. "At Lincoln, she learned the team concept, spirit and dedication."

Elaine said, "She had superb coaching, too. It is a very special moment. We will never forget it."

Fred added, "Not only is she a superb athlete, but a superb student as well."

Nicholle carries a 3.8 grade average on a 4.0 scale in her classes at Lincoln. She was inducted into the honor society Thursday morning before the team left for the state meet.

THE 5-FOOT 2-inch senior had come a long way from her start on the track at Lincoln Park. Standing on the red tartan track at O'Brien

Nicholle Thompson

Field, she basked in her moment in the sun, the brightest star among more than 3,000 athletes from 350 schools who participated in IHSA girls track this spring.

"I practiced every day and kept my mind on my goals," Nicholle said. "When I get on the track with competition, I'm there strictly to win."

Nicholle set goals for herself this season. She took them to the state finals like a shopping list and checked them off one by one as the day progressed.

FOREMOST among them was her goal in the 200-meter hurdles. Last year she tied with Romeoville's Sametra King in the event, but race officials gave the gold medal to King on a lean at the finish.

Both girls were clocked at 27.3, a new national record. When the revised record books came out last summer, it was King's name that appeared in them.

"I thought we should have both been in there, but we weren't," Nicholle said. "This year I wanted it all for myself."

Nicholle placed her name on the record with a 27-flat clocking.

JUST 20 minutes later, Nicholle was back on the victory stand accepting first place awards along with Marcia Byrd, Rosalyn Rucker, and Melba Luckett for the winning 400-meter relay.

From there, Nicholle went to the pit area to report for the running of the 100-meter low hurdles.

Memories of a seventh place finish

in last summer's TAC nationals in Baton Rouge were all she needed to ready her.

Though only four states run the 200-meter hurdles, everyone runs the 100-meter distance. Nicholle, who accepted a scholarship with UCLA after last week's sectionals in Belleville, knew her talents would be measured in the upcoming event.

SHE SHATTERED the national record in Friday's preliminaries, and then broke it again Saturday. The new mark is more than 1 second faster than ever before and 7 seconds faster than the old Class AA marks set by Lincoln's Deborah Powell (1981) and Danette Onyemkwe (1978).

Veteran Coach Nino Fennoy doesn't want credit for Nicholle and the rest of his team's success. He takes a business-like approach.

"As a coach, I realize kids place limits on themselves, far below what they can achieve. If we can cut through that barrier and show them they can be successful, then we're on our way."

IN NICHOLLE'S case, success means Bob Cursy's program at UCLA and more.

Nicholle is a lady who sets goals for herself and works hard to achieve them.

"I want to go to the 1988 Olympics," she said. "I don't know what place I want to run. I just want to qualify. If I do that, and get a chance to compete, I think I'll do well."

Kurilla gets hole-in-one

Each sport has its pinnacle. In bowling, it's the 300 game. In baseball it's batting the cycle. In golf it's the hole-in-one.

Well, add Alec Kurilla to that list of sports achievers. He's another person who recently reached that pinnacle when he sank a hole-in-one during a round of golf with three of his friends.

Playing out at River's Edge Golf Course located at the Army Depot, Kurilla sank a hole-in-one on the 153rd yard, No. 8 hole. And, says Kurilla, it was done with a No. 1 wood against the wind. He accomplished the feat Friday, May 17, when golfing in a scramble with Ed Crome, Gene McGovern and Wendell McVoy.

Kurilla has been golfing "off and on for the last five years."

GC mat club practicing for Prairie State

The Granite City Wrestling Club is currently practicing two nights a week in preparation for this summer's Prairie State Games. Persons interested in working out with the team are invited to attend the workouts.

Practicing on Monday and Thursday from 7 to 8 p.m. at Granite City Center, the Granite City Wrestling Club extends an invitation to those persons interested in training with the club for the Games, which are patterned after the Olympics.

Persons interested in practicing should have an Illinois Kids Wrestling Federation card or a USAWF card. Those persons who don't may join the wrestling federations for \$2.

Harshany in Sr. Olympics

John Harshany of Madison will compete in the Jewish Community Center Association's Senior Olympics which begins June 5.

Harshany will compete in the bowling segment of Olympics. The Senior Olympics is an athletic competition for men and women 55 and over. There is no residential restriction.

tion and the event has grown from 400 participants in 1980 to 1,200 in 1984.

The JCCA is located at No. 2 Millstone Campus in St. Louis. For further information persons should call (314) 432-5700.

YMCA golf tournament is June 15

The Tri-City YMCA's Annual Golf Tournament has been slated for Saturday, June 15, at Arlington Golf Course.

A scramble-type tournament, the affair will feature at least three flights of golfers.

Registration fees for the tourney are \$50 per person or \$200 per team. Proceeds from the tournament benefit the YMCA's youth programs.

Persons seeking further information or wishing to register for the third annual affair should call the YMCA at 876-7200.

State net journey begins

BLOOMINGTON — Winnetka (New Trier) figures to be the favored in the team title race in the 50th annual Illinois High School Association (IHSA) Boys State Final Tennis

Tournament this weekend on the courts of District 214 in the Arlington Heights area.

Competition gets under way today at 2 p.m. with the first round of the championship bracket to be followed by the first consolation round. Friday play begins at 8 a.m. and continues through the quarterfinals start at 8 a.m., followed by the semifinals in the championship bracket at 9 a.m. The singles and doubles title matches are scheduled to start at approximately 1 p.m.

Junior Mike Morrison of Deerfield seeks his third straight singles crown. Only four others have done that.

For only the second time in 30 years, the Warriors have failed to send a representative to the state tournament.

BAC hosts hoop camps

Belleville Area College will sponsor five basketball camps this summer for boys going into grades five through eight.

The camps, which will cover basketball fundamentals, will feature guest speakers, films and games.

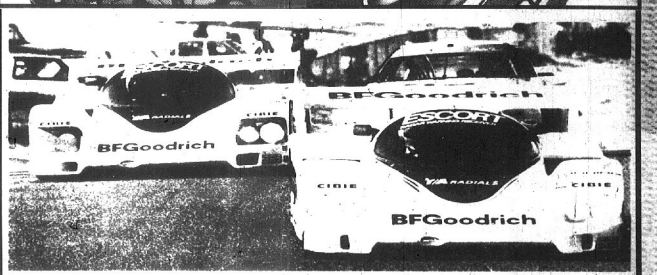

Participants may register by phone, mail or the first day of the camp. For advance registration and information, call Jay Harrington, 235-2700, extension 371.

WINNING TYPISTS. These Granite City High School students raised the most money locally during a type-a-thon recently for Hospice of Madison County. The four accounted for \$139. Seated are Julie Jones, left, who collected \$93 by herself, and Julie Blackwood. Standing are Laura Star, left, and Stacey Pyle. (Staff photo by Patrick Foley)

Coterie installation

A noon luncheon was held May 16 at Rusty's in Edwardsville for the Ladies Coterie.

Mrs. Louis Meek gave the invocation after Mrs. Marvin Eddington welcomed the following members and guests: Mesdames B.C. Miller, Geneva Miller, William Carriss, Roswell Kleinschmidt, Floyd Henley, Dawson Wade, Lendall Hoganian, Fred Werner, Keith Edwards, Al Schmiedake, John Gordon, James Fox, David John, Alfred Pape, Joe Bilbrey, Charles Kohl, Raymond Horn and Clarence Boettger.

Mrs. Kleinschmidt was given a prize.

Mrs. Gordon installed the following officers for the ensuing year: Mrs. Joe Bilbrey president, Mrs. Alfred Pape vice president, Mrs. David Friedman secretary, Mrs. David John assistant secretary and Mrs. James Fox, treasurer.

Cards were played and prizes were awarded to Mrs. Mary Miller, Mrs. Hannah Kleinschmidt, Mrs. Betty Schmiedake, Mrs. Georgia Boettger and Mrs. Ella Wade. Mrs. Carriss, Mrs. Wade and Mrs. Bilbrey were the party committee members.

Visit here from Ohio

Mrs. Louise Crawford and daughter, Diane Fuzessery, and the latter's 14-month-old son, Ryan Fuzessery, all of Dayton, Ohio, visited Mr. and Mrs. Frank (Julia) Fuzessery, 1430 Madison Ave., last week.

Mrs. Diane Fuzessery is the widow of Captain David Fuzessery, U.S. Marine Corps, who was fatally injured in an air crash in California last May while on military maneuvers. The captain was a former lifelong resident, attending local schools before entering military service.

Cloverview studies plants for patios

Cloverview Garden Club met at Ervay's Restaurant for a dessert luncheon, with Mrs. Albert Taylor hosting the group. Those present included Mesdames Clarence Etheridge, John Jenkins, George Stearns and the president, Mrs. Ray Williamson.

The study for the year will center on "plants for patios" and Mrs. Etheridge gave the lesson of the germination of nasturtium seeds. A photographic sequence showed the transformation of a seed into a living plant. She said seeds are placed between folded pieces of moist paper towels and set in a dish in a warm, dark closet until the first sign of life appears. After planting in soil, the plant takes from one to three weeks to germinate.

Flowering plants on exhibit were columbine, coral bell and Queen Ann's lace, brought by Mrs. Stearns, and Mrs. Jenkins' peonies, Siberian iris and mock orange.

Mrs. Williamson reported at a District V organizational meeting in Edwardsville, where awards were distributed to the 15 clubs in the district. Cloverview received a blue rosette ribbon for meeting state and district requirements for the past year, and a green rosette and a certificate for first place in the state for a publicity press book submitted by Mrs. Marge O'Neill, immediate past president, and Mrs. Charles Gandorla, publicity chairman. The book has been sent to the central region for their judging.

A house and garden tour is set for June 2 by the Wood River Garden Club, a rose luncheon June 6 by the Edwardsville club, and an annual workshop, District V Garden Clubs of Illinois, June 27 at O'Fallon Country Club.

A program on peonies was given

by Mrs. O'Neill. She said it is best to plant them in the early fall, selecting a sunny, well-drained location and spacing them four feet apart. Peonies date back many centuries into Chinese history, from where the plant was introduced to the Western world. Once established, a clump of peonies blooms every spring for many years. A mix of early, mid- and late-season varieties extends the flowering season from early spring

ing to early summer with minimal care, she related.

Get-well wishes were sent to Mrs. Gandorla and Mrs. Robert McCauley, who were hospitalized.

Representatives of Cloverview attended dedication ceremonies of the Historical Society's Six Mile House and a committee has been named to study the possibility of starting an herb garden on the grounds, as a continuing project of the club.

Lesche concludes 45th club season

The Lesche Literary Club concluded its 45th season with the annual President's Day luncheon and installation of officers, held at the Media Club in St. Louis. Lunch was served to 17 members and 2 guests, Mrs. Hannah Kleinschmidt, associate member, and Miss Sina Henger, an exchange student from Norway.

President Catherine Schnipper conducted a business session. Birthday recognition was given Mesdames Lois Holsinger, Bess Henley, Peggy Stevens and Marie Klein.

Geneva Miller, literary chairman, submitted essays written by students at Granite City High School for the Carmel Kelso Literary Award. The winning compositions were read by Mesdames Verna Stuart, Muriel Vehl and Miller.

Book awards will be presented to the winners at the high school recognition assembly this month.

Mrs. Marie Gordon installed the newly-elected officers by presenting each with a book appropriate for her office and a corsage to the president. Installed were Mesdames Connie Strothelhe, president, Virginia John, vice president, Gerry Jackson, secretary, and Byrdine Holtzner, treasurer.

Mrs. Gordon presented Mrs. Schnipper a gift from the club in appreciation of her leadership during the year. Mrs. Schnipper thanked the members for their cooperation and gave each a handmade sachet.

Others attending were Mesdames Ruth Ann Bartels, Mary Ann Cochran, Mary Miller and Marian Skinner.

Granite City BPW hosts 63rd installation

Becky Slate will serve as the 1985-86 president of the Granite City Business and Professional Women's Club.

Annelen Smith, serving as a member of the "Women in Transition" committee for the National Federation of BPW, past president of the Illinois Federation and past president of the local organization, installed the following officers for the 1985-86 year:

Slate, president; Jeanne Hornberger, first vice president; Gwen Iken, second vice president; Ramona Burnett, recording secretary; and Helene Bischoff, treasurer.

In her address to the new officers, Annelen Smith gave a brief history of the organization, noting it was chartered in April 1922. She cited activities and projects accomplished through the years and applied them to the issues considered essential at the time.

She said there are four issues crucial to the advancement of working women in the 1980s: Federation focus, economic self-sufficiency, comparable worth and pay equity, employer responsiveness to the needs of working women and the high-technology future.

She concluded by saying each of the four topics involves the environment, whether economic, social or technological. BPW members can affect the environment through action projects, community participation, networking and coalitions, she said.

She then presented each officer with a basket of silk flowers.

Becky Slate has been an active member of the Granite City BPW for 21 years. She served as second vice president last year, as treasurer for five years and as a chairman or member of many committees.

She presently is employed at St. Elizabeth Medical Center as director of volunteer services. She embarked on this second career in 1974 after working for the federal government for 30 years. She retired from

federal civil service in 1973.

A 15-year member of the board of directors of the Granite City Army Depot Credit Union, she is a member of Niedringhaus Methodist Church and serves on the administration board.

Other memberships include the Granite City Scholarship Committee, Hospice of Madison County, St. Elizabeth Medical Center Auxiliary, Order of the Eastern Star and Daughters of the Nile.

Slate received her education at local schools and graduated from Granite City High School. She has been married to Irvin Slate Sr. for 48 years and they have two sons, local attorney Irvin Slate Jr. and Dennis Slate, personnel director for a Jacksonville, Fla., corporation.

In her acceptance speech, she said she was proud and honored to serve as president of the Granite City BPW. She asked that all members work together to make it a productive year. The theme, she said, is "More Alive in '85."

The following were appointed as standing committee chairmen for the year:

Issues, Hornberger; membership, Iken; public relations, Pauline Weir; finance, Sylvia Wright; legislation, Rose Harris; young careerist, Sharold Yount; foundation, Joy McClard; and parliamentarian, Smith.

The first board meeting will be conducted at 6:30 p.m. June 5 at Ervay's Restaurant, the president's council meeting will be June 6 at the Panorama Bowling Lanes and the leadership workshop will be June 2 in Mt. Vernon.

The installation, the 63rd for the club, was conducted May 15 at Charlie's Restaurant. Tables were decorated with purple and lavender streamers, and purple and white balloons were suspended above the tables.

Past President Joyce Bennington welcomed members and guests. Following the dinner, guests were introduced and entertainment was

BPW OFFICERS. Granite City Business and Professional Women officers for the 1985-86 year are, from left, Recording Secretary Ramona Burnett, Treasurer Helene Bischoff, President Becky Slate, Second Vice President Gwen Iken and First Vice President Jeanne Hornberger.

furnished by the choir of Job's Daughters Bethel 43. The choir sang two numbers to honor Slate, who had served as Bethel guardian for the group for 10 years.

Bennington thanked workers and members for their support the past year, and Lil Marzitt presented her with a gift from the officers and board members.

Bluebirds topic of Audubon Society

The southwestern Illinois Audubon Society met May 20 in Edwardsville. Thirty-four members and guests heard Tom Hayden discuss his bluebird houses and trails.

Hayden showed a film about bluebirds, prepared by the Bluebird Society. Ruth Allen was in charge of the refreshments.

The next meeting will be June 18 at First Federal Savings, 300 St. Louis Ave., Edwardsville, at 7:30 p.m.

The speaker will be Mark Hall of the Nature Institute who will narrate and show slides of the developing 37-acre prairie, restoration at Gordon F. Moore Community Park in Alton.

The seven long-term goals of the nature area are: a home for plants and wildlife; a place to see and experience something beautiful, dramatic, fascinating and enjoyable; an irreplaceable gene bank for local species that is valuable for

gardeners and potentially valuable in medicine, science and agriculture.

Also, an outdoor nature school; a place for outdoor pageants, entertainment, performances and other recreation; a resource for scientific studies; and a sanctuary for grassland birds and prairie animals.

Politics next NAACP topic

The Rev. Harold Wilson, president of the Madison Branch of the NAACP, said this week that "politics and the black community" will be the principal topic discussed at the group's June 3 meeting.

Active NAACP members are being urged to attend the June session at 7 p.m. at the Friendship Baptist Church, 301 Meredocia Ave., Venice.

"Promises that are made and not kept" will be the focus of the discussion, the minister said. "Remember,

every vote is important," he added. The branch will continue to meet throughout the summer on the first Monday of each month.

School district approves videotaping program

By DAVE WHALEY
Staff writer

A project which would supply videotapes of elementary school students for police in the event of a missing child case was given approval Tuesday night by the Granite City School Board.

The project will not be officially begun until Fantasy Video World, which is offering the service, gets the approval of the Granite City Police Department.

BOARD MEMBERS agreed they were wholeheartedly in favor of such a project. Their major concern was where the tapes would be stored.

"The problem would be if the tapes were needed late at night for the 10 o'clock news," said Board President Kelly Hogan. "The board officers would be closed and there would be a problem with quick access to the tapes."

Larry Canada of Fantasy Video made a presentation to the board and will be meeting with police officials this week.

"I THINK IT would work better to

have the tapes at the police station, because they are open 24 hours a day every day," Hogan said. "And if a child is missing or is kidnapped, people are going to call the police station, not the school board."

Canada said Fantasy Video would provide all necessary equipment to make the tapes, provide representatives to coordinate with school officials to ensure orderly procedures during the taping, and record the names and addresses of each pupil for future recall.

"Each child would be photographed in a moving and speaking situation," Canada said. "We found that up to 40 percent of school districts don't even have photos of the students."

Canada, who said he was moved to pursue the matter more fully when his own daughter was missing, said tapes of all the students could be stored on no more than 20 VHS tapes.

"YOU'RE NOT talking about a major problem in storing the tapes," he said. "Basically, it's a small box with a lock on it."

One other reason the board preferred the police to handle administration of the project was to get all children in the area involved.

"If we did it, we would be taping just the kids in kindergarten through sixth grade in our elementary schools," Hogan said. "This way, maybe the parochial schools and the kids who aren't old enough to be in school will be photographed."

CANADA SAID his company would charge \$2 per child, and participation would be non-mandatory. Also, parents who do not wish to pay the \$2 would not have to, he said. Fantasy Video would be responsible for all profits or losses incurred.

Canada quoted Detective Virgil Johnson of the missing persons division of the St. Louis FBI as saying, "It has proved to be very helpful in other cities where it has been done. I would recommend that it be done on a yearly basis if at all possible."

"By all means, it's a great idea," Canada quoted Dusan Gagich of the Granite City Police Department Juvenile Division. "Sometimes, parents come to us and they don't even have a photograph of their missing child."

"MANY TIMES, a photograph does not provide a good representation of a child's actual appearance," said Canada in quoting Rosalee Huebner of the Madison County Sheriff's Department Juvenile Division.

"Speaking and movement offer a much better opportunity to view a child's mannerisms, creating a much more effective form of identification. I would recommend the videotaping program to every family. My only concern is that the tapes themselves be kept in a safe place for viewing only by the proper authorities," he said.

Canada reported he would like to do the project before the end of the school year, which is about two weeks away.

He added that the Alton, Belleville and Collinsville school districts are waiting to see what happens in Granite City before they pursue such a project.

3 BEER-RELATED ARRESTS

Two men and a juvenile girl were arrested May 13 at Benton and 19th streets. Police charged Roger A. Murphy, 17, of Harding Blvd. with having no valid driver's license and transporting beer and Roy R. Sparks, 19, of 2716 Harding with possessing beer. The girl, 16, was charged with being a minor in possession of beer.

Jury awards \$3.4 million to Venice man, his family

By BONITA L. GOWER
Of the Journal Staff

EAST ST. LOUIS — A \$3.4 million compensatory award was made last week to Walter DeBow and his family for a beating which left the Venice resident permanently disabled.

The suit, filed against the city of East St. Louis, was made by a St. Clair County jury after a one-week trial.

City attorney H. Gary Apolani could not be reached to comment on whether the city would appeal the decision.

Clyde L. Kuehn, attorney for the family, said the award possibly is the largest to be awarded to a black man in St. Clair County and the state of Illinois ever.

DeBow, 47, suffered permanent brain damage and loss of motor abilities because of a beating he received while in a holding cell at the East St. Louis city jail, the attorney said.

DeBow was arrested in January

1984 for transporting open liquor after he hit a utility pole with his car, Kuehn said. He was placed in the cell, where he was found beaten and unconscious the following morning.

DeBow currently is in a nursing facility because the injuries he received "obliterated his ability to remember things" and caused his loss of motor abilities, Kuehn said. Although Kuehn said DeBow can talk some, he said it is "very different."

Steven Griffin, who was in the cell with DeBow, was convicted last month with aggravated battery in the beating and is awaiting sentencing.

However, Kuehn argued that the city is also responsible for DeBow's injuries because he should not have been placed in the cell.

He said the transportation charge is a minor traffic offense similar to a speeding charge and that DeBow's valid driver's license should have been

confiscated.

In addition, he said Griffin was a "different type offender" because he had shot a man and later at police with a .357-caliber Magnum. Therefore, he should not have been placed in the same cell with DeBow, Kuehn added.

"I think that the award, given the injuries and the conduct of the violation," Kuehn said. "I don't think an appeals court will lower it."

He said he feels the jury realized that DeBow's injuries and the losses to his wife and four children were very serious and that the city "really owes this man and his family."

"Now, the thing is how will East St. Louis come to grips with its responsibility in this suit," Kuehn said. "I know the city is not pleased to have to pay a kind of money, but I think we proved the case and the damages were fair all around."

Venice mayoral ball is Friday

Venice Mayor Tyrone Echols will host a "Mayor's Ball" at 9 p.m. Friday, May 24, in the Lions Home, 910 Madison Ave., Madison.

Music for dancing will be provided by the Sheer Energy band from 9 p.m. until 1 a.m. Setups will be available, organizers said.

The public is being invited to attend and tickets, costing \$5 per person, are available in advance at the mayor's office in the Venice City Hall, or may be obtained at the door the night of the dance.

Mayor Echols' supporters are planning the event as a "fun night" and victory celebration, marking the re-election of the city's top elected official in the April 2 election.

Missing children's photos to be shown

The Illinois League of Savings Institutions announced today a pilot program which is designed to assist the Illinois Department of Law Enforcement (DLE) with efforts to locate missing children in Illinois.

Thomas J. Martin, chairman of the Illinois League, said DLE's I-SEARCH unit (Illinois State Enforcement Agencies to Recover Children) and the League have joined forces to develop a program aimed at alleviating the missing children problems. More than 1,300 children are missing in Illinois.

The program, to be known as "We Care," concentrates on disseminating photographs and pertinent information about missing children to savings and loan associations throughout the state. Associations have been asked to display the information in their offices starting this month.

Martin said there is hope that "displaying photos and information about missing, lost and runaway children will further enhance the public's awareness of the problem and increase the probability of locating and returning the children."

TWO ACCOSTED IN PARK

Two people were accosted in Wilson Park by four men May 21. Joseph Ferguson of Cahokia and Melissa Mooney of Granite City had been jogging and were heading back to Ferguson's car when the four got out of an auto. One of the men threw a socket wrench at Ferguson's car, causing damage, and the two were threatened by one of the men with a jack stand. They managed to drive away and contacted police.

BODY TALK

By Dr. Charles King
Chiropractic Physician

"Shouldn't I Work Out Every Day in Order To Stay Fit?"

I don't recommend physical exercise seven days a week. I believe in at least one day of rest to allow the body to recuperate. Many runners do better with this one day off and still maintain their mileage by running on a hard, easy day pattern. Hard days should be followed by their day of rest. For those athletes just beginning a training program, I recommend taking two days of rest spread out between the days of activity.

Suntan booth, Troy branch for YMCA

Approval of a Sunmaker tanning booth, a new agreement with the Tri-City Area United Way, and a proposal to begin a "branch YMCA" in Troy, were highlights of a meeting of the Tri-City Area YMCA board of directors Monday, May 20, at the YMCA.

Purchase of the sun-tanning capsule by the YMCA was described as yet another of the improvements and renovations to the building, Nautilus facility, into which the "Y" has invested more than \$100,000 in the past six months.

The capsule is now available for use at a cost of \$3 to members and \$5 to non-members for single visits. Multiple visit memberships are also available at a reduced rate.

Bob Gilk, representing the United Way, presented a revised agreement between the United Way and its local agencies. The YMCA was one of the first to approve. The new agreement further clarifies priorities, responsibilities and goals of both the United Way and its member agencies.

Jerry Swalling, executive director of the YMCA, emphasized that improvement of efficiency and effectiveness in the delivery of human services to the community was a key concept of the agreement. The board unanimously approved adoption of the agreement.

Terry Tate, principal of Troy Junior High School, and the Rev. Ed Weston of Troy United Methodist Church represented Troy and

presented a proposal to open a "branch YMCA" in that area.

Tate told of community growth he had witnessed in the school system, and Rev. Weston pointed out that the area has no "recreational, fellowship facility."

According to the proposal, an office in Troy will be made available to a Tri-City Area YMCA staff person, who will be designated as program director-Troy area. This program director will be responsible to coordinate, plan and supervise such activities as aquatics, aerobics, karate and other YMCA programs.

Swalling commented, "This is an excellent opportunity to expand and provide services to the area."

Board President Larry Calvo appointed an advisory committee to further investigate the possibilities of developing the proposal. Ed Nalefski, Joe Hassler, Paul Sodko and Calvo will serve on this committee.

It is hoped that the branch operation will be active by June 1, board members said.

Other items on the agenda included the appointment of Bob Farnley Jr. as capital campaign chairman, a report on the forthcoming summer camp by Program Director James Gavin, a financial report, and a report by Hassler on "the overwhelming success of the annual dinner meeting held April 22."

A videotape presentation of the annual golf tournament, to be held June 15, was shown.

Airlift Command aiding small firms

The Military Airlift Command has received the Fiscal year 1984 Secretary of the Air Force Small and Disadvantaged Business Award for its contributions to the small business program within the Air Force. The MAC headquarters base is Scott, near Belleville.

The award focuses attention on the Air Force's small business program and recognizes the achievements and execution of exemplary efforts of major commands and agencies in meeting assigned goals.

Gene Ohi, MAC executive for the Small and Disadvantaged Business Utilization Program, said that in 1984 the command awarded \$488.2 million in prime contracts to small firms, representing 36 percent of the total MAC acquisition program of \$1.4 billion.

With contracting authority at 13 bases in the United States and two overseas locations, MAC awards contracts for supplies, services and construction required in the daily operation of each base.

As the single manager for Department of Defense airlift services, the MAC awards and administers contracts for domestic and interna-

tional air transportation services.

"Congressional and national policy is that a fair proportion of the federal acquisition dollars be spent with small and disadvantaged business firms," Ohi said. "This command's close presentation of the important contributions these firms make to national economic policies and this nation's economic base."

Outdoor picnic set at Croatian Home

The Croatian Home, 1000 Madison Ave., Madison, will host its 3rd annual outdoor picnic on Saturday and Sunday, June 8 and 9, beginning at noon each day in the home's parking lot. In the event of inclement weather, the festivities will move indoors.

Traditional barbecued lamb will be prepared for both days, but due to limited quantities will be available by advance ordering from Frank Derner Sr. at the Croatian Home, 876-9368.

Food and refreshments will be available throughout both days and will include barbecued pork steaks, home made sausage (stuffed cabbage rolls), special pizza, salad and cake. An outdoor dining area will be near the festivities, but those who choose will be welcome to utilize the Croatian Home building.

Appearing Saturday, June 8, from 8 p.m. to midnight will be Vince's International Polka Band. On June 9, from 7 to 11 p.m., Dave Hyla and the Good Times Polka Band will perform.

Entertainment on the Sunday afternoon, beginning at 2, will feature the Becari Tamburitz Orchestra from St. Louis, the Happy Strings Tamburitz, the Salem School of Dance from Granite City and the Althoff Alumni German Dancers from Belleville.

CHAINSAWS ARE STOLEN

Three chainsaws were taken from the basement of John Tollison, 2319 E. 24th St., he reported this week. The saws, worth a total of \$690, and an \$80 trolling motor are missing.

Granite City Center

STUDENTS MAY REGISTER now for fall and summer classes at Granite City Center of Belleville Area College. Registration is being taken from 9 a.m. to 8 p.m. Mondays through Thursdays and from 9 a.m. to 3 p.m. Fridays at the center, 4950 Maryville Road.

To register by phone, students should call 931-0600 and use VISA or MasterCard to pay tuition and fees. Registration will not be taken on the Memorial Day holiday, Monday, May 27. Registration will continue through Wednesday, June 5.

SIU at Edwardsville

"THE JOB OF THE PROFESSIONAL SECRETARY," a one-day program for secretaries, is being offered by the Center for Management Studies at Southern Illinois University at Edwardsville. It will be held at Henry VIII Inn and Lodge, 4950 N. Lindbergh Blvd., St. Louis, on May 31.

The workshop will address how secretaries can establish priorities, manage distracting interruption, quickly route information to appropriate individuals, handle telephone inquiries and deal with difficult visitors and employees. For more information, interested persons may call 1-800-268-2688.

NANCY A. DIMITROFF of Granite City, has been selected as a Presidential Scholar at Southern Illinois University at Edwardsville. Presidential Scholars receive four-year scholarships and are selected on the basis of their previous academic work and special talents and abilities. The award winners receive monetary assistance, special academic status and individualized educational opportunities.

RON MARKARIAN of Granite City, received the American Dental Association Table Clinic Award and the Clobber Foundation Research Award at an awards luncheon sponsored by the Southern Illinois University School of Dental Medicine.

MARK ELLIS of Madison, a third-year medical student at Southern Illinois University School of Medicine, is currently attending observation training in the community of Pittsfield. Ellis is the son of Charles and Mary Ellis.

THE SOUTHERN ILLINOIS UNIVERSITY at Edwardsville Student Program Board will sponsor a seminar on toxic waste on Tuesday, May 28, at 2:30 p.m. in the Mississippi Room of the University Center. The seminar will feature representatives of the Illinois Public Action Committee, who will focus on toxic wastes as a nation-wide concern and what can be done to protect residents from them. The seminar is free and open to the public.

MARY ANN RINEHART of Granite City has been awarded a \$500 scholarship from the Advertising Federation of St. Louis. Rinehart is a junior in the School of Fine Arts and Communications at Southern Illinois University. The scholarship is awarded to students showing the most promise on the basis of scholarship, writing skills, personal background and work samples related to advertising career goals.

Other Area Colleges

DEBORAH DAWN BARD of Granite City, is among 34 students initiated into the Texas Christian University chapter of Mortar Board. Junior-level students with a cumulative grade-point average of at least 3.1 are selected for membership on the basis of their contributions to the university through service, scholarship and leadership. Bard is the daughter of Mr. and Mrs. Gordon Bard of 3104 Parview Drive. She is a fashion merchandising major and a member of the American Home Economics Association, Tau Beta Sigma national band sorority and the TCU Flag Corps.

CHRISTY L. WYROSTEK of 12 Shirwin Drive, has been awarded a \$750 Illinois News Broadcasters Association scholarship. She is a student at Southern Illinois University at Carbondale, majoring in radio-television.

SIUE professor sets poems to music

When one expresses thanks for friendship, it's usually in the form of a card, a lunch or a small bouquet. But Southern Illinois University at Edwardsville Assistant Professor of Music Marcia LaReau went a step further. She set a group of a friend's poems to music.

LaReau has known Peter L. Simpson, a published poet and assistant to the director of SIUE News Services, for almost five years.

"Peter is one of the warmest, giving human beings I've ever met," LaReau said, "and he's been such a warm friend and has given so much of himself that I wished to say 'thank you' in a way I could give myself."

LaReau started the composition nearly a year ago. She selected the poems in late August and asked Simpson to read them onto a cassette. While on vacation — a

three-week camping trip — she repeatedly listened to the tapes. "At least a 1,000 times," she said, "I'll forever hear him saying the poems with the same inflection."

She then talked to Simpson about the group of poems, which were written in 1968 and deal with Missouri airports and the events in his life during that time. "In order for the poems to be successful when set to music, I felt I had to know exactly what he wanted to say in them. That's very important. It's necessary."

Then she listened to the tape of the poems again and concentrated on how Simpson read them. "I noted how he read the poems with rhythms and then thought about them until the melodies took shape." She finished the composition in mid-April.

LaReau seems to love the poems

for which she composed music. "The poems were meant to be fun yet say a lot," she said. "They talk about Peter's view of life."

LaReau found the process of composing to music to be exciting and challenging. "When Peter reads a poem, it comes to life," she said, "and with the way he reads the poems, they just took on the music."

"It was challenging, too, because I had the privilege of having Peter around when I needed to know something about him. I feel that my music, hopefully, enhances the feel and the emotion and the message of Peter's poems. I feel the music should be secondary to the poems themselves. The most important thing about the work is the works Peter wrote. Not to focus on the poems would be to lose the whole point of all the work I've done."

Simpson is reluctant to talk about his role in writing the poems; he concentrates on LaReau and her work. "In her music, Marcia had made the poems grow and mature, giving them a whole new form of life that belongs to her. She has performed one of those little miracles of art that is, to me, the foundation of the only real hope we have. I'm sure my poems are better for her music; I hope I am, too."

The culmination of the work between LaReau and Simpson will be performed by Howard Bell, a senior music performance student at the university, at 7:30 p.m., Sunday, May 26, in Lovejoy Library auditorium. Bell will also sing selections from Poulenc, Schubert, Schuetz and Rossini. Admission is free, and the public is invited.

Applications available for Guaranteed Student Loans

Southern Illinois University at Edwardsville is now accepting applications for Guaranteed Student Loans for the 1985-86 academic year.

Guaranteed Student Loans are low-interest loans made to students by banks, credit unions, or savings and loan associations to help them pay for their college or university education.

Undergraduates may borrow up to \$2,500 a year. For new borrowers,

the interest rate is eight percent. For students who currently have a seven or nine percent loan, the interest rate on additional loans will remain the same. Loan repayments begin six months after students leave school.

To apply for Guaranteed Student Loans, entering freshmen, transfer students and continuing students must file SIUE application for financial aid and a 1985-86 American

College Testing/Family Financial Statement (ACT/FPS) to determine eligibility.

Continuing students are advised that the requirement to file an ACT/FPS is a change in GSI procedures, eliminating the need for filing the federal needs test required in the past. John Jenetten, director of the Office of Student Work and Financial Assistance at the university, said.

Jenetten said one advantage in filing the ACT/FPS is that students can easily be considered for other forms of aid, including the Pell grant, Illinois State Scholarship Monetary Award (for Illinois residents) and campus-based aid.

Another advantage is that the results of the ACT/FPS can be reconsidered should a change occur in family financial circumstances. "This review has not been possible in the past with the federal needs test form," Jenetten said.

The director pointed out that all students should apply for Guaranteed Student Loans early to meet tuition and fee payment deadlines.

Students may pick up applications for Guaranteed Student Loans at a local bank, savings and loan association, or credit union. Additional information concerning Guaranteed Student Loans and other types of student financial aid may be obtained by contacting the SIUE Office of Student Work and Financial Assistance at 1-692-3880.

Spaces open for SIUE computer camp

There are a few spaces remaining in the series of computer day camps scheduled this summer at Southern Illinois University at Edwardsville.

The day camps are scheduled June 17 through June 28, July 1 through July 13, July 15 through July 25 and July 29 through Aug. 9.

Registration for each day camp is \$125. Children are grouped according to age and computer experience for hands-on instruction on Apple IIe microcomputers. Several computer languages are available, including LOGO, BASIC and PASCAL.

Classes will meet from 9 a.m. until 3:30 p.m. each day.

Registration for each day camp is \$125. Children are grouped according to age and computer experience for hands-on instruction on Apple IIe microcomputers. Several computer languages are available, including LOGO, BASIC and PASCAL.

In addition to three hours of computer instruction each day, students will receive three hours of recreation. Swimming, tennis, racquetball, soccer, softball, basketball and hiking will be among the activities available to them. Students are expected to provide their own lunches. Additional information may be obtained by contacting Baden in the SIUE School of Education by calling 1-692-3643.

Local residents honored at SIUE

Forty-two local residents attending Southern Illinois University at Edwardsville were recognized for their academic achievements Sunday, May 19, during the annual Honors Day convocation.

For Honors Day recognition, students must maintain a grade-point average of 4.0 or better. In addition, those students must have completed and passed at least 24 hours of studies to be eligible for recognition.

Local students honored included the following Granite City residents:

LAW GRADUATE. David Allen Hylla, the son of Leonard and Loretta Hylla of 143 Arlington Drive, graduated May 11 from the St. Louis University School of Law with a juris doctor degree. Hylla is a graduate of Assumption High School, where he was a scholar athlete, and Southern Illinois University, where he earned a bachelor of arts degree in government. Hylla has not decided on a law firm yet, but he plans to practice in Granite City.

BAC sets class

Belleville Area College will offer classes leading to a nursing assistant certificate this summer.

Students in the class will learn personal care of the patient, how to take vital signs, isolation techniques and body mechanics.

The class starts Monday, June 10, and will be from 8:30 a.m. to 2:30 p.m. Mondays through Thursdays, room 1511 at the Belleville campus, 2500 Carlyle Road, Belleville.

For more information, interested persons may call Judy Bravin at 1-235-2700, ext. 301.

Yolanda King to speak at SIUE

Yolanda King, daughter of Martin Luther King Jr., will speak on "Apartheid: Violence vs. Non-violence as a Means for Social Change" at Southern Illinois University at Edwardsville on Thursday, May 30, at 8 p.m. in the Meridian Ballroom of the University Center.

King said she will focus on encouraging people to pursue excellence in their own lives and helping people realize that they have to be responsible for whatever situation they have to live in.

King is the co-director of Nucleus, a theater company which promotes positive growth. She also serves on the board of directors of the Martin Luther King, Jr. Center for Non-violent Social Change and writes a column for "Black Family Magazine."

Tickets for the speaking engagement are now on sale at Union Station in the University Center. They are \$2 for SIUE and Granite City Center students and senior citizens, and \$3 for the general public. Children under 12 will be admitted free.

For more information, interested persons may contact the Student Program Board at 1-492-2017.

Wilson and Peoria contractor merge

David Wilson, chairman of the board of S.M. Wilson & Co., general contractors with offices in Granite City and St. Louis, has announced that S.M. Wilson & Co. has merged with Tousey-Iber Construction Co. of Peoria.

Tousey-Iber, founded in 1971, is a builder of commercial, industrial and institutional projects throughout Central and Northern Illinois.

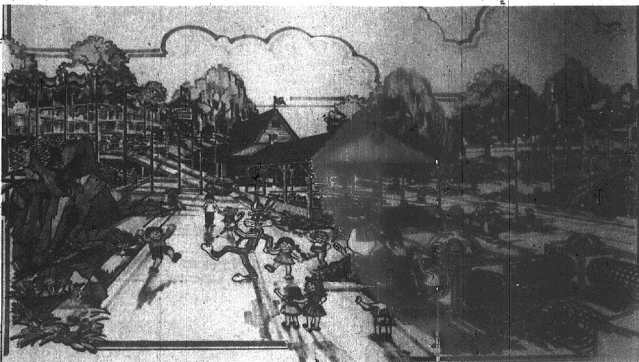

The addition brings to five the number of offices representing S.M. Wilson & Co. throughout the West and Midwest. Other locations include Burlington, Iowa, Phoenix, Ariz., St. Louis and Granite City.

S.M. Wilson, general contractor since 1921, is an ENR (Engineering News-Record) top 400 general contractor, having consistently been ranked as one of the leading 400 general contractors in the United States.

CIGARETTES, CASH TAKEN. Jeff Pointer, a worker at the Olympic Station, 30th and Adams streets, reported May 14 a burglar took 41 cartons of cigarettes and \$60. A door was forced open.
